NUMBER 21.

Z. R.-3 ARRIVED AT LAKEHURST TODAY!

GIANT DIRIGIBLE TIES UP TO HER MOORING MAST AFTER LONG VOYAGE

Trans-Atlantic Flight Covering Distance Estimated at 5,000 Miles Made in a Little Over 81 Hours—Z. R.-3 is Part of Germany's Reparation Payment to the United States.

(By Associated Press)

LAKEHURST, N. J., Oct. 15.—The giant dirigible Z. R.-3 was brought safely to her landing place here today, after her epoch-making voyage across the Atlantic Ocean, from Friedrichshafen, Germany, where she was built as part of Germany's reparation to the United States. She completed the entire journey, a distance estimated at 5,000 miles in 81 hours and 25 minutes.

INSPECTION IS MADE UPON ARRIVAL AT FIELD.

The dirigible left Germany early Sunday. Doctor Hugo Eckener, commander of the airship and President of Zeppelin company who constructed the craft, said that the first part of the voyage was fine, but said the airship battled bad weather from early Tuesday until its landing this morning. The Zeppelin was hauled into her hangar at 10:45 o'clock this morning. Immediately after she was fast, her navigation officers and crew disembarked. Officers climbed into her hull and cabin with mechanics to begin an inspection of gas bags and the duralumin structure of the motors.

SUGAR FREIGHT RATES TO STAND

INTERSTATE COMMERCE COMMISSION REFUSES TO GRANT ANY INCREASE

SCHEDULES CANCELLED

(By Associated Press)

WASHINGTON, Oct. 15.—The proposed increased rates in sugar from Macon, Georgia, and territory to points in Arkansas, Louisiana, Missouri, Oklahoma and Texas today were found not justified by the Interstate Commerce Commission. Schedules providing for the increase, which had already been ordered suspended by the commission, were ordered cancelled without prejudice to the commission's findings.

BRYAN HIGH TEAM TO MEET WACO TIGERS AT WACO ON FRIDAY

For the first time in history the teams of Bryan high and Waco high will clash on the football gridiron. Business Manager Forrest Jones announced that on Friday, October 17, the local team of the Bryan high school under Coach Dick Wilson, will go to Waco and meet the team of the Waco high school on their home gridiron there. Mr. Jones arranged this game as a non-conference one, just as the one at Austin on last Saturday. It was matched because no teams in this section wanted to play Bryan and Waco was finding it difficult to arrange a game there. The superintendent of the Waco high school said over the telephone, said Mr. Jones, that he had rather see the Waco eleven beat the Bryan team than any other team in the state. Mr. Jones said he told the superintendent that the feeling was fully reciprocated and that Bryan was going up there with the determination to win over the Tigers.

The following is a reprint from the Waco News-Tribune announcing the matched game and what they think the probable outcome will be: "The Waco high Tigers have matched a game with Bryan high for next Friday afternoon. It will be the first time in the history of Waco high that a game has been played with this team. Bryan has the strongest team it has known since 1921, and will be able to give the Tigers trouble all the way.

"Due to the intense rivalry between these teams, the largest crowd of the season is expected to turn out. If the Tigers flash no better offense than they showed against Belton they will more than likely lose to the Little Aggies, coached by Dick Wilson, star Aggie tackle of last year."

Mr. and Mrs. I. M. Cook of Steep Hollow motored to Bryan this morning on a business trip.

FRENCH GOVERNMENT TO RECOGNIZE SOVIET REPUBLIC OF RUSSIA FRIDAY

PARIS, France, Oct. 15.—The French government will on Friday formally recognize the Soviet Republic of Russia, according to information obtained in official circles today. The announcement was made that the reorganization of Russia would be made under such terms as to reserve all rights of French government citizens who hold bonds to the amount of twelve billion gold francs and who have business interests in Russia.

LAW HENDERSON IN SPLENDID ADDRESS ROTARY MEET TODAY

Rotary meeting today at the Green Parrot Room in regular weekly luncheon, was a meeting extraordinary and one that will be long remembered by those who were present. Not only was the musical part fine but F. L. Henderson delivered one of the best addresses that members present ever heard him make—and that is saying something, too. Following the splendid repast, and cigars furnished by Jim James, Mrs. Gabe Cazell sang "Annie Laurie," which set the program well under way for what was to come. Little Lola Barron next delighted the hearers with a reading and was followed by two good quartette numbers from the Rotary quartette, consisting of W. S. Barron, John W. Black, R. R. Rush, and L. E. Dowd. Then F. L. Henderson was introduced to make the principal address. Ernest Elliott had arranged the splendid program rendered.

In opening his talk he said, "I despise the 'average man.' The average man follows the natural course and current of the stream of life and exerts no effort to rise above it. He then went on to show that history, which is a most inspiring and educational subject, proved that it was not the average man who had lived through the ages but rather the man who was above the average and did the unusual thing which is above the accomplishment of the average. He cited the case of Thomas Beckett and said that had he followed the natural course he would never have become the martyr that led at last to the Great Charter under King John and the freedom that the people of the world today enjoy.

All Seeking Happiness.

"We are following the same road in life. Some are walking, some going horseback, some in Fords, some in Cadillacs and in other high-priced cars. We are all going to the same goal. With rear seats vacant do we reach out and drive him a lift upward on life's hill? Every man knows what he is. Some men here on life's stage are better and some worse than others—better and worse than we know them or think them to be. In his own heart he himself knows and has found out what he is. To all other men he may be a masquerade. It would not do for any of us to appear before a photographer who could show us just what we are before the world. There is in all of us a will. If we cultivate that will we can do most anything. Be charitable to the other fellow. If there's a vacant seat, give the other man a lift.

"The only goal and the only place we are all trying to reach is the goal of 'happiness.' Some will tell you that it is won in one way and some in another, but happiness is a state of being. We all have our troubles—plenty of them. If we traded our troubles for the other man's we would not gain, but lose. In this hurley-burley of life and the struggle for existence, some of us have traded off our souls. To find our soul is to find God.

Had Good Attendance.

"There's many things we can do; many things that can aid us in the quest of the lost soul. The whole secret of happiness has been told and you have heard it. It comes from two things and two things only: To be true to yourself; to be true to your fellowman and to be true to your God; and to help the other fellow. Do these things and you will find the goal and as near as any human can obtain happiness, you will find it."

The following is a list of those present at the Rotary meeting to day: T. A. Adams, W. S. Barron, C. S. Beckwith, S. M. Bird, J. W. Black, Wilson Bradley, J. F. Casey, Gabe Cazell, W. F. Coulter, W. B. Cline, Jess Conlee, W. F. Davis, R. M. Dansby, S. E. Eberstadt, E. B. Elliott, W. E. Farmer, E. J. Fernier, E. J. Fountain, H. C. Fulham, C. E. Griffen, O. W. Goolsbee, W. M. Griffin, F. L. Henderson, Chas. F. Hillier, Madison Hall, Kay Halsell, T. Haswell, E. P. Humbert, H. N. June, J. W. James, J. H. Kraft, T. C. Lawrence, W. H. Lawrence, M. L. Parker, J. M. Lawrence, Jr., Ivan Langford, Jno. A. Moore, Oak McKenzie, A. S. McSwain, W. I. McCulloch, Roy Montgomery, J. T. S. Park, D. D. Vashinder, David Reid, J. L. Reese, Chas. Sosolik, H. T. Schovajsa, M. E. Wallace, D. L. Wilson, C. G. Walker, T. R. White, I. E. Warren, E. E. Yeager. Visitors: Lola Barron, Mrs. Gabe Cazell, L. E. Dowd, Miss Allie Locke, Miss Avis Cummings, Miss Ruth Knox, pianist, and H. D. Caykendall of the Bryan Daily Eagle.

S. C. Hoyle, Dr. J. N. Goodwin of Bryan and Charlie Ayres of College Station attended a Masonic meeting of importance in Caldwell last night. They returned to Bryan today.

COTTON MARKET

Cotton futures closed today 6 to 10 points down, making local spots worth 21 1-4 cents, middling basis.

MAN CRUSHED IN TRACTOR UPSET

GILBERT LINTHECUM OF SOMERVILLE FATALY INJURED IN TRACTOR ACCIDENT

AT TAYLOR'S PRAIRIE

A tragic accident happened at 10:25 o'clock this morning at Taylor's Prairie, below Koppe's plantation in the Brazos Bottom, when, during a tractor demonstration, the tractor upset over backwards on the driver, said to have been inexperienced, crushing the body to such an extent that he died about 12 o'clock noon at the Bryan Hospital where he was rushed by his companion who witnessed the tragedy. Gilbert Linthecum was the victim of the accident and his only companion, except for some cotton pickers in an adjoining field, was W. H. Giesenschlag, both of Somerville, where they were employed by the Somerville Motor Company. They had just begun a demonstration in a field, working on a drainage ditch. According to Mr. Giesenschlag, the tractor struck a "dead pull"—or the plow ran into a heavier load than the tractor could pull—which caused the tractor to rear up and turn over backward, crushing the abdomen of the driver. With the assistance of the cotton pickers, Giesenschlag had the tractor removed from the body and the body placed in their car which brought them from Somerville, rushed to the hospital here where he died 30 minutes after the arrival. The body is now in the McCulloch-Gordon Undertaking Parlor where it is being prepared for burial while the arrival of a brother of the deceased, from Brenham, is being awaited.

FORMER TICK INSPECTOR

According to the Eagle's meagre information, Linthecum was formerly a state livestock inspector for Washington county and rode the line between that county and Burleson. His old home was in Louisiana, it is said. Linthecum recently quit his work as inspector and took employment with the Somerville Motor Company as a driver of tractors in demonstrations. His age was estimated at around 30 years.

WIDOW OF THE LATE GOVERNOR ROSS IS A NOMINEE FOR PLACE

(By Associated Press)

CHEYENNE, Wyo., Oct. 15.—Mrs. Nellie G. Ross, widow of the late Governor William H. Ross, late Tuesday was chosen unanimously as Democratic nominee for governor by the emergency Democratic state convention in session here.

Mrs. Ross was nominated by acclamation at the completion of the roll call of counties for nominating candidates.

Opposition Withdrew.

Her name was formally placed before the convention by George W. Patterson of Laramie, speaking for Albany county. Only one other name, that of Patrick O'Connor of Casper, was placed before the convention. Before the roll call had been two-thirds completed, O'Connor's name was withdrawn at his own request.

As the roll-call proceeded, county after county endorsing the name of Mrs. Ross, the hall was in an uproar of applause. When the last county had been heard from the delegates with a ringing chorus of "ayes," adopted the motion to make the nomination unanimous.

Was First Suffrage State.

Although Wyoming as a territory in 1890 blazed the way for woman suffrage by giving its women the right of the ballot, Mrs. Ross is the first woman ever nominated for such a high office. Together with Mrs. Miriam A. Ferguson, Democratic nominee for governor of Texas, Mrs. Ross takes her place as the wife of a former executive to be thus honored. Governor Ross' term would not have expired for two years.

HOUSTON RELEASES QUARANTINE CASES EXPOSED TO FEVER

(By Associated Press)

HOUSTON, Oct. 15.—Eighty-five persons, who have been held in quarantine since a yellow fever case was discovered here October 7 were released today. None of persons who had been in contact with the case developed any symptoms of the disease. Health officers declared that all danger of spread was over.

Mrs. Dora Wilson of Bryan was a guest of Mrs. S. A. Cottle for the week-end.—Cameron Enterprise.

PROBE OF EXPENSES OF CAMPAIGN WILL BE BEGUN THURSDAY

(By Associated Press)

CHICAGO, Oct. 15.—Preparations for an exhaustive inquiry into campaign contributions and expenditures were made today by Senator Borah, chairman of the Senate committee on campaign expenditures. The Senator hoped to begin formal hearings on tomorrow.

EXHIBITS, SPEECHES, RODEO AND RADIO, ALL AT THE KURTEN FAIR

The Kurten community fair will open on Friday morning, October 17, at 11 o'clock with an opening address. At noon will be luncheon hour when people who bring their lunches may have time to consume them and those who preferred to buy their noon-day meal may purchase from stands on the grounds which will have been provided through baskets brought by citizens of the community. The supper hour will be care for in the same manner.

The fore part of the afternoon will be devoted to time for the visitors to view the exhibits of products of the farm and home and at 3 o'clock there will be a basket ball game in which Tabor will furnish one of the teams. At 4 o'clock there will be a rodeo of which feature Clifford Utsey is in charge. A band concert by the Kurten community band, led by director Rev. J. J. Kasiske, will be given from 6:30 to 7:30 and then a program which has been arranged for the evening's entertainment, consisting of numbers by school children and others, after which a radio concert will be given on a set which will be supplied by C. E. Gieser, local agent at Bryan. The address of the evening will be given by Judge W. C. Davis, who will close the big day for Kurten community. The above information was given the Eagle by Mrs. Will Henderson of Kurten who is in charge of all arrangements for the fair.

TOTAL DESTRUCTION MEXICAN HOTEL BY FIRE IS NOW FEARED

SAN ANTONIO, Oct. 15.—Fire breaking out in the rear of the Mexican Hotel shortly before midnight, and spreading to the third floor, was not under control after thirty minutes' fighting, and it appeared that the new part of the building was doomed. Many guests were awakened and hurried from the hotel in night clothes and carrying hand baggage. Two firemen, A. J. Ashback and W. R. Boyd, of Engine Company No. 5, were perhaps fatally injured when the steamer on which they were going to the Mexican Hotel fire was struck by a street car. They were taken to a hospital in an unconscious condition.

DAILY COTTON LETTER

(H. and B. Beer Daily Cotton Letter. Received by A. S. McCollum, Bryan) NEW ORLEANS, La., Oct. 15.—The recent declining tendency of the market was checked today by steady cables than expected and Washington reporting the developing of a disturbance near Swan Island, in the Northwestern Caribbean Sea, south of the Yucatan channel, which leads into the Gulf of Mexico. Reports of the trade calling cotton in Liverpool and the American markets were a sustaining feature also.

Compared with last year, exports from the United States continue free, since Friday, 152,000 bales vs. 142,000; since August, 1,307,000 vs. 1,157,000. That exports from the United States will continue large this week is indicated by Galveston having on shipboard today 130,000 bales vs. 99,000 last year, New Orleans 28,000 vs. 15,000.

The weekly weather and crop government report was favorable. Realizing in part, as follows: "Warm, dry conditions made ideal harvest generally, though there was slight interruption by rain northwest portion of the belt." Except for fear of a tropical storm, weather conditions inland remain generally favorable. As a result the early advance met free offerings, probably some hedge selling causing values to ease off again.

Reports from the northern dry goods markets are to the effect that business remains quiet, with prices a shade lower, but it is thought that the demand will improve in event of the price of raw cotton declining to 22 cents.

Semi-weekly movement at 13 interior towns: receipts 220,000 vs. 186,000; shipments, 137,000 vs. 154,000. Stocks increased 53,000 vs. 34,000. Total stock, 614,000 vs. 621,000. According to private advice, the interior offered freely, at a lower basis last night. The immediate future of the market will likely be governed mainly by weather development, especially in regard to development of the tropical storm.

COUNTRY IS NO BETTER THAN ITS RELIGION COOLIDGE SAID ADDRESS

Spoke at Unveiling of Statue to Francis Asbury, Pioneer Bishop in Methodist Episcopal Church in America—Government Cannot Perform Work of the Church, President Declares.

(By Associated Press)

WASHINGTON, Oct. 15.—Reliance upon religion rather than law for reform was emphasized today by President Calvin Coolidge, speaking at the unveiling here of the statue to Francis Asbury, pioneer bishop of the Methodist Episcopal Church in America. We cannot depend upon the government, the President declared, to do the work of religion. An act of Congress may indicate that reform is being or has been accomplished but it does not in itself bring about reform in government, a country never gets ahead of the religion of that country. Religion was described by the President as the foundation of this government. It is a result of the preaching of Bishop Asbury and his associates of other religious organizations, he declared, that our country has developed so much freedom.

NEW GAS FIELD IS OPENED NEAR MEXIA AT DEPTH 1600 FEET

(By Associated Press)

MEXIA, Oct. 15.—A gas field was opened today seven miles northeast of Mexia when the Carter-Lytle-Manning well No. 1 blew in unexpectedly, making 8,000,000 cubic feet of gas, at 1,600 feet.

A. AND M. SHOW HORSES MOTHER MULE AND THE GOLT AT STATE FAIR

(Special to Bryan Daily Eagle) COLLEGE STATION, Oct. 15.—The College horses have been taken to Dallas with the lifting of the quarantine on this class of livestock and they will be entered in the show ring for the prizes offered by the State fair management. Nine head were in the College string, six Percherons and three Morgans.

An exotic addition to the horses was the mare mule and her colt which have recently been the sensation of the animal kingdom of this section of the country. This pair will not be among the contestants for prizes but were taken along as a curiosity to satisfy all those who may be skeptical about the report of the hybrid contending all the established laws of heredity in reproducing.

Some Former Winners. Among the horses taken are several who have been regular prize winners in the last two or three years that they have been exhibited in Texas. The Morgan string consists of a mare, Blondie, grand champion at Dallas year before last, an exceptionally good foal of this mare by Red Oak, and the stallion Alamo, secured from Sellman of Rochelle in trade for Red Oak last spring following his showing at Fort Worth.

Two mares and two stallions in the Percheron string are previous winners and promise the same this year. Lafitte, stallion, was first in his class, junior champion and reserve grand champion at Dallas last year. Mouzon was first prize stallion at Fort Worth last spring. Linees, mare, was grand champion at Fort Worth year before last and Pavia, another mare, was first in her class in the last three shows in which she has been entered.

Later to Cotton Palace.

D. W. Buchanan, professor of animal husbandry in charge of horses will go to Dallas to be on hand Friday when they are judged. At the conclusion of the Dallas fair he will take them to Waco for the Cotton Palace. It is thought possible that some of the steers which were fitted for the Dallas fair but taken off the fitting ration when the quarantine was set may be sent to Waco.

BRITISH PART RAISED EASILY

LOAN TO GERMANY GOES OVER TOP IN LONDON—U. S. FINISHED TUESDAY

IS OVER-SUBSCRIBED

(By Associated Press) LONDON, Oct. 15.—When subscription list for the British portion of the two hundred million dollars for the Dawes plan of a loan to Germany closed at 1 o'clock this afternoon, it was indicated that the loan had been considerably over-subscribed.

Mr. and Mrs. R. J. Halbrooks are today leaving for a two weeks' auto trip through South Texas, Wharton and Jackson counties. Mrs. Halbrooks will visit friends while Mr. Halbrooks looks after his customers in tuning pianos.

STREET FIGHT ON IN CANTON

ALL TRAFFIC IS INTERRUPTED IN CITY WHILE "LITTLE" CIVIL WAR RAGES

CASUALTIES ARE HEAVY

(By Associated Press)

CANTON, Oct. 15.—The streets of Canton were the scene of heavy fighting today between the Merchants' Volunteer Corps and the so-called "red" army, composed of Chinese laborers. The fighting still continued at 4 o'clock this afternoon. The fighting is taking place outside of Shameen, thereby interrupting all traffic.

WILLIAM B. CLINE OF BRYAN IS PRESIDENT OF MEDICAL JUNIORS

GALVESTON, Oct. 15.—Officers of the senior class of the State Medical College were elected at a meeting of the class held yesterday. The election resulted as follows: President, John King Glenn, Beaumont; vice president, J. T. Reilly; secretary-treasurer, P. C. Pedigo, Strawn; sergeant-at-arms, Lyle Hooker, Houston; representative to the honor council, Sam Dunn, Tahoka; reporter to the Medical, Ed Coyne, San Antonio.

Officers of the junior class who were elected last week include: President, William B. Cline, Bryan; vice president, Wilson Adrian Lattimer, Meridian; secretary-treasurer, D. A. Harrison, Ozona; representative to honor council, R. L. Cherry, Giddings; reporter to the Medical, S. Wallace Allen, Malone; sergeant-at-arms, Rudolph Keener Harlan, Bartlett.

MRS. MARY KUMMER AND MOTHER IN JAIL FRAUDULENT OIL DEAL

(By Associated Press)

CHICAGO, Oct. 15.—Promissory notes for \$10,000,000 and \$5,000,000 supposedly backed by oil lands in Texas, were worthless to their assignors today and Mrs. Mary Kummer 25, and her mother, Mrs. Anna Wachter, were in police cells while investigation of stories of expected fabulous wealth were being investigated. Seven years ago, when the daughter was little more than a girl, according to the police, she began soliciting funds to develop her supposed oil lands and since has lived in luxury although the oil lands were fictitious.

Among those who contributed to the supposed drilling of wells were Joseph Sokolich, who loaned \$3,000 and received the \$10,000,000 note and John Muhr, who loaned \$1,000 and received the \$5,000,000 note. After waiting long for the realization of their great expectations, Sokolich and Muhr complained to the police. They found the mother and daughter living in an old weather-beaten house which, nevertheless, was furnished sumptuously.

Given Much To Charity. Nearly all of the money received had been spent, the younger woman said. She declared, however, that not all of it was spent in living and amusements, but that she had contributed largely to various charitable organizations. Muhr and Sokolich recalled how when the oil scandal broke in Washington Mrs. Kummer and her mother boarded a train saying they were going to Washington to protect their interests.

Z.R.-3 ARRIVED AT LAKEHURST TODAY!

GIANT DIRIGIBLE TIES UP TO HER MOORING MAST AFTER LONG VOYAGE

Trans-Atlantic Flight Covering Distance Estimated at 5,000 Miles Made in a Little Over 81 Hours—Z. R.-3 is Part of Germany's Reparation Payment to the United States.

(By Associated Press) LAKEHURST, N. J., Oct. 15.—The giant dirigible Z. R.-3 was brought safely to her landing place here today, after her epoch-making voyage across the Atlantic Ocean, from Friedrichshafen, Germany, where she was built as part of Germany's reparation to the United States. She completed the entire journey, a distance estimated at 5,000 miles in 81 hours and 25 minutes.

INSPECTION IS MADE UPON ARRIVAL AT FIELD. The dirigible left Germany early Sunday. Doctor Hugo Eckener, commander of the airship and President of Zeppelin company who constructed the craft, said that the first part of the voyage was fine, but said the airship battled bad weather from early Tuesday until its landing this morning. The Zeppelin was hauled into her hangar at 10:45 o'clock this morning. Immediately after she was fast, her navigation officers and crew disembarked. Officers climbed into her hull and cabin with mechanics to begin an inspection of gas bags and the dural-aluminum structure of the motors.

SUGAR FREIGHT RATES TO STAND

INTERSTATE COMMERCE COMMISSION REFUSES TO GRANT ANY INCREASE

SCHEDULES CANCELLED

(By Associated Press). WASHINGTON, Oct. 15.—The proposed increased rates in sugar from Macao, Georgia, and territory to points in Arkansas, Louisiana, Missouri, Oklahoma and Texas today were found not justified by the Interstate Commerce Commission. Schedules providing for the increase, which had already been ordered suspended by the commission, were ordered cancelled without prejudice to the commission's findings.

BRYAN HIGH TEAM TO MEET WACO TIGERS AT WACO ON FRIDAY

For the first time in history the teams of Bryan high and Waco high will clash on the football gridiron. Business Manager Forrest Jones announces that on Friday, October 17, the local team of the Bryan high school under Coach Dick Wilson, will go to Waco and meet the team of the Waco high school on their home gridiron there. Mr. Jones arranged this game as a non-conference one, just as the one at Austin on last Saturday. It was matched because no teams in this section wanted to play Bryan and Waco was finding it difficult to arrange a game there. The superintendent of the Waco high school said over the telephone, said Mr. Jones, that he had rather see the Waco eleven beat the Bryan team than any other team in the state. Mr. Jones said he told the superintendent that the feeling was fully reciprocated and that Bryan was going up there with the determination to win over the Tigers. The following is a reprint from the Waco News-Tribune announcing the matched game and what they think the probable outcome will be: "The Waco high Tigers have matched a game with Bryan high for next Friday afternoon. It will be the first time in the history of Waco high that a game has been played with this team. Bryan has the strongest team it has known since 1921, and will be able to give the Tigers trouble all the way. "Due to the intense rivalry between these teams, the largest crowd of the season is expected to turn out. If the Tigers flash no better offense than they showed against Belton they will more than likely lose to the Little Aggies, coached by Dick Wilson, star Aggie tackle of last year."

FRENCH GOVERNMENT TO RECOGNIZE SOVIET REPUBLIC OF RUSSIA FRIDAY

PARIS, France, Oct. 15.—The French government will on Friday formally recognize the Soviet Republic of Russia, according to information obtained in official circles today. The announcement was made that the reorganization of Russia would be made under such terms as to reserve all rights of French government citizens who hold bonds to the amount of twelve billion gold francs and who have business interests in Russia.

LAW HENDERSON IN SPLENDID ADDRESS ROTARY MEET TODAY

Rotary meeting today at the Green Parrot Team Room in regular weekly luncheon, was a meeting extraordinary and one that will be long remembered by those who were present. Not only was the musical part fine but F. L. Henderson delivered one of the best addresses that members present ever heard him make—and that is saying something, too. Following the splendid repast, and cigars furnished by Jim James, Mrs. Gabe Cazell sang "Annie Laurie," which set the program well under way for what was to come. Little Lola Barron next delighted the hearers with a reading and was followed by two good quartette numbers from the Rotary quartette, consisting of W. S. Barron, John W. Black, R. R. Rush, and L. E. Dowd. Then F. L. Henderson was introduced to make the principal address. Ernest Elliott had arranged the splendid program rendered.

In opening his talk he said, "I despise the 'average man.' The average man follows the natural course and current of the stream of life and experience." He then went ahead to show that history, which is a most inspiring and educational subject, proved that it was not the average man who had lived through the ages but rather the man who was above the average and did the unusual thing which is above the accomplishment of the average. He cited the case of Thomas Beckett and said that had he followed the natural course he would never have become the martyr that led at last to the Great Charter under King John and the freedom that the people of the world today enjoy.

All Seeking Happiness. "We are following the same road in life. Some are walking, some going horseback, some in Fords, some in Cadillacs and in other high-priced cars. We are all going to the same goal. With rear seats vacant do we reach out and give him a lift upward on life's hill? Every man knows what he is. Some men here on life's stage are better and some worse than others—better and worse than we know them or think them to be. In his own heart he himself knows and has found out what he is. To all other men he may be a masquerade. It would not do for any of us to appear before a photographer who could show us just what we are before the world. There is in all of us a will. If we cultivate that we can do most anything. Be charitable to the other fellow. If there's a vacant seat, give the other man a lift.

"The only goal and the only place we are all trying to reach is the goal of 'happiness.' Some will tell you that it is won in one way and some in another, but happiness is a state of being. We all have our troubles—plenty of them. If we traded our troubles for the other man's we would not gain, but lose. In this hurley-burley of life and the struggle for existence, some of us have traded off our souls. To find our soul is to find God.

FRED CAVITT MAKES GOOD SCORE SHOOT TUESDAY AFTERNOON

The following is a tabulated list of the results of the Bryan Gun Club shoot held at the grounds at Evans' pasture on Tuesday afternoon, in which about 20 men participated. Fred Cavitt got 89 breaks out of 100 which he shot at. Others made good scores. Only one professional trap-shooter appeared for the shoot. The scores follow:

Name	Shot	Broke
B. U. Sims	50	22
W. M. Wickes	100	87
N. A. Stewart	125	96
Cecil Estill	100	87
* Beasley	75	65
R. J. Cole	125	107
Harry Estill	75	58
Kay Halsell	50	36
Hill Wilson	50	59
Geo. Halsell	50	33
D. C. Jones	25	10
Fred Cavitt	100	89
Jim Beard	75	57
H. Ross	100	75
H. Dean	50	40
H. C. Willis	25	18
Newt Lockard	25	10
J. H. Todd	25	7
O. O. Henderson	25	12

* Professional Trap Shooter.

S. C. Hoyle, Dr. J. N. Goodwin of Bryan and Charlie Ayres of College Station attended a Masonic meeting of importance in Caldwell last night. They returned to Bryan today.

COTTON MARKET

Cotton futures closed today 6 to 10 points down, making local spots worth 21 1-4 cents, middling basis.

MAN CRUSHED IN TRACTOR UPSET

GILBERT LINTHECUM OF SOMERVILLE FATALITY IN TRACTOR ACCIDENT

AT TAYLOR'S PRAIRIE

A tragic accident happened at 10:25 o'clock this morning at Taylor's Prairie, below Koppe's plantation in the Brazos Bottom, when, during a tractor demonstration, the tractor upset over backwards on the driver, said to have been inexperienced, crushing the body to such an extent that he died about 12 o'clock noon at the Bryan Hospital where he was rushed by his companion who witnessed the tragedy. Gilbert Linthecum was the victim of the accident and his only companion, except for some cotton pickers in an adjoining field, was W. H. Giesenschlag, both of Somerville, where they were employed by the Somerville Motor Company. They had just begun a demonstration in a field, working on a drainage ditch. According to Mr. Giesenschlag, the tractor struck a "dead pull"—or the plow ran into a heavier load than the tractor could pull—which caused the tractor to rear up and turn over backward, crushing the abdomen of the driver. With the assistance of the cotton pickers, Giesenschlag had the tractor removed from the body and the body placed in their car which brought them from Somerville, rushed to the hospital here where he died 30 minutes after the arrival. The body is now in the McCulloch-Gordon Undertaking Parlor where it is being prepared for burial while the arrival of a brother of the deceased, from Brenham, is being awaited.

FORMER TICK INSPECTOR

Information to the Eagle's measure according to Linthecum was formerly a state livestock inspector for Washington county and rode the line between that county and Burleson. His old home was in Louisiana, it is said. Linthecum recently quit his work as inspector and took employment with the Somerville Motor Company as a driver of tractors in demonstrations. His age was estimated at around 30 years.

WIDOW OF THE LATE GOVERNOR ROSS IS A NOMINEE FOR PLACE

(By Associated Press). CHEYENNE, Wyo., Oct. 15.—Mrs. Nellie G. Ross, widow of the late Governor William H. Ross, late Tuesday was chosen unanimously as Democratic nominee for governor by the emergency Democratic state convention in session here.

Mrs. Ross was nominated by acclamation at the completion of the roll call of counties for nominating candidates.

Opposition Withdrew. Her name was formally placed before the convention by George W. Patterson of Laramie, speaking for Albany county. Only the other name, that of Patrick O'Connor of Casper, was placed before the convention. Before the roll call had been two-thirds completed, O'Connor's name was withdrawn at his own request.

After county endorsing the name of Mrs. Ross, the hall was in an uproar of applause. When the last county had been heard from the delegates with a ringing chorus of "ayes," adopted the motion to make the nomination unanimous.

Was First Suffrage State. Although Wyoming as a territory in 1869 blazed the way for woman suffrage by giving its women the right of the ballot, Mrs. Ross is the first woman ever nominated for such a high office. Together with Mrs. Miriam A. Ferguson, Democratic nominee for governor of Texas, Mrs. Ross takes her place as the wife of a former executive to be thus honored. Governor Ross' term would not have expired for two years.

HOUSTON RELEASES QUARANTINE CASES EXPOSED TO FEVER

(By Associated Press). HOUSTON, Oct. 15.—Eighty-five persons, who have been held in quarantine since a yellow fever case was discovered here October 7 were released today. None of persons who had been in contact with the case developed any symptoms of the disease. Health officers declared that all danger of spread was over.

PROBE OF EXPENSES OF CAMPAIGN WILL BE BEGUN THURSDAY

(By Associated Press). CHICAGO, Oct. 15.—Preparations for an exhaustive inquiry into campaign contributions and expenditures were made today by Senator Borah, chairman of the Senate committee on campaign expenditures. The Senator hoped to begin formal hearings on tomorrow.

EXHIBITS, SPEECHES, RODEO AND RADIO, ALL AT THE KURTEN FAIR

The Kurten community fair will open on Friday morning, October 17, at 11 o'clock with an opening address. At noon will be luncheon hour when people who bring their lunches may have time to consume them and those who preferred to buy their noon-day meal may purchase from stands on the grounds which will have been provided through baskets brought by citizens of the community. The supper hour will be care for in the same manner.

The fore part of the afternoon will be devoted to time for the visitors to view the exhibits of products of the farm and home and at 3 o'clock there will be a basket ball game in which Tabor will furnish one of the teams. At 4 o'clock there will be a rodeo of which feature Clifford Utsey is in charge. A band conducted by the Kurten community band, led by director Rev. J. J. Kasiske, will be given from 6:30 to 7:30 and then a program which has been arranged for the evening's entertainment, consisting of numbers by school children and others, after which a radio concert will be given on a set which will be supplied by C. E. Grieser, local agent at Bryan. The address of the evening will be given by Judge W. C. Davis, who will close the big day for Kurten community. The above information was given the Eagle by Mrs. Will Henderson of Kurten who is in charge of all arrangements for the fair.

TOTAL DESTRUCTION MENDER HOTEL BY FIRE IS NOW FEARED

SAN ANTONIO, Oct. 15.—Fire breaking out in the rear of the Menger Hotel shortly before midnight, and spreading to the third floor, was not under control after thirty minutes' fighting, and it appeared that the new part of the building was doomed. Many guests were awakened and hurried from the hotel in night clothes and carrying hand baggage. Two firemen, A. J. Ashback and W. R. Boyd, of Engine Company No. 5, were perhaps fatally injured when the steamer on which they were going to the Menger Hotel fire was struck by a street car. They were taken to a hospital in an unconscious condition.

DAILY COTTON LETTER

(H. and B. Beer Daily Cotton Letter. Received by A. S. McCollum, Bryan). NEW ORLEANS, La., Oct. 15.—The recent declining tendency of the market was checked today by steady cables than expected and Washington reporting the developing of a disturbance near Swan Island, in the Northwestern Caribbean Sea, south of the Yucatan channel, which leads into the Gulf of Mexico. Reports of the trade calling cotton in Liverpool and the American markets were a sustaining feature also. Compared with last year, exports from the United States continue free, since Friday, 152,000 bales vs. 142,000, since August, 1,307,000 vs. 1,157,000. That exports from the United States will continue large this week is indicated by Galveston having on shipboard today 130,000 bales vs. 99,000 last year, New Orleans 28,000 vs. 15,000.

The weekly weather and crop government report was favorable. Realizing in part as follows: "Warm, dry conditions made ideal harvest generally, though there was slight interruption by rain northwest portion of the belt." Except for fear of a tropical storm, weather conditions inland remain generally favorable. As a result the early advance met free offerings, probably some hedge selling causing values to ease off again.

Reports from the northern dry goods markets are to the effect that business remains quiet, with prices a shade lower, but it is thought that the demand will improve in event of the price of raw cotton declining to 22 cents.

Semi-weekly movement at 13 interior towns: receipts 220,000 vs. 186,000; shipments, 137,000 vs. 154,000. Stocks increased 53,000 vs. 34,000. Total stock, 614,000 vs. 621,000. According to private advice, the interior offered freely, at a lower basis last night. The immediate future of the market will likely be governed mainly by weather development, especially in regard to development of the tropical storm.

COUNTRY IS NO BETTER THAN ITS RELIGION COOLIDGE SAID ADDRESS

Spoke at Unveiling of Statue to Francis Asbury, Pioneer Bishop in Methodist Episcopal Church in America—Government Cannot Perform Work of the Church, President Declares.

(By Associated Press) WASHINGTON, Oct. 15.—Reliance upon religion rather than law for reform was emphasized today by President Calvin Coolidge, speaking at the unveiling here of the statue to Francis Asbury, pioneer bishop of the Methodist Episcopal Church in America. We cannot depend upon the government, the President declared, to do the work of religion. An act of Congress may indicate that reform is being or has been accomplished but it does not in itself bring about reform in government, a country never gets ahead of the religion of that country. Religion was described by the President as the foundation of this government. It is a result of the preaching of Bishop Asbury and his associates of other religious organizations, he declared, that our country has developed so much freedom.

NEW GAS FIELD IS OPENED NEAR MEXIA AT DEPTH 1600 FEET

(By Associated Press). MEXIA, Oct. 15.—A gas field was opened today seven miles northeast of Mexia when the Carter-Lytle-Manning well No. 1 blew in unexpectedly, making 8,000,000 cubic feet of gas, at 1,600 feet.

A. AND M. SHOW HORSES MOTHER MULE AND THE GOLT AT STATE FAIR

(Special to Bryan Daily Eagle). COLLEGE STATION, Oct. 15.—The College horses have been taken to Dallas with the lifting of the quarantine on this class of livestock and they will be entered in the show ring for the prizes offered by the State fair management. Nine head were in the College string, six Percherons and three Morgans. An exotic addition to the horses was the mare mule and her colt which have recently been the sensation of the animal kingdom of this section of the country. This pair will not be among the contestants for prizes but were taken along as a curiosity to satisfy all those who may be skeptical about the report of the hybrid contending all the established laws of heredity in reproducing. Some Former Winners. Among the horses taken are several who have been regular prize winners in the last two or three years that they have been exhibited in Texas. The Morgan string consists of a mare, Blondie, grand champion at Dallas year before last, an exceptionally good foal of this mare by Red Oak, and the stallion Alamo, secured from Sellman of Rochelle in trade for Red Oak last spring following his showing at Fort Worth.

Two mares and two stallions in the Percheron string are previous winners and promise the same this year. Lafitte, stallion, was first in his class, junior champion and reserve grand champion at Dallas last year. Mouzon was first prize stallion at Fort Worth last spring. Lines, mare, was grand champion at Fort Worth year before last and Pavia, another mare, was first in her class in the last three shows in which she has been entered.

BRITISH PART RAISED EASILY

LOAN TO GERMANY GOES OVER TOP IN LONDON—U. S. FINISHED TUESDAY

(By Associated Press). LONDON, Oct. 15.—When subscription list for the British portion of the two hundred million dollars for the Dawes plan of a loan to Germany closed at 1 o'clock this afternoon, it was indicated that the loan had been considerably over-subscribed.

IS OVER-SUBSCRIBED

Mr. and Mrs. R. J. Halbrooks are today leaving for a two weeks' auto trip through South Texas, Wharton and Jackson counties. Mrs. Halbrooks will visit friends while Mr. Halbrooks looks after his customers in tuning pianos.

STREET FIGHT ON IN CANTON

ALL TRAFFIC IS INTERRUPTED IN CITY WHILE "LITTLE" CIVIL WAR RAGES

CASUALTIES ARE HEAVY

(By Associated Press). CANTON, Oct. 15.—The streets of Canton were the scene of heavy fighting today between the Merchants' Volunteer Corps and the so-called "red" army, composed of Chinese laborers. The fighting still continued at 4 o'clock this afternoon. The fighting is taking place outside of Shameen, thereby interrupting all traffic.

WILLIAM B. CLINE OF BRYAN IS PRESIDENT OF MEDICAL JUNIORS

GALVESTON, Oct. 15.—Officers of the senior class of the State Medical College were elected at a meeting of the class held yesterday. The election resulted as follows: President, John King Glenn, Beaumont; vice president, J. T. Reilly; secretary-treasurer, P. C. Pedigo, Strawn; sergeant-at-arms, Lyle Hooker, Houston; representative to the honor council, Sam Dunn, Tahoka; reporter to the Medical, Ed Coyle, San Antonio.

Officers of the junior class who were elected last week include: President, William B. Cline, Bryan; vice president, Wilson Adrian Lattimer, Meridian; secretary-treasurer, D. A. Harrison, Ozona; representative to honor council, R. L. Cherry, Giddings; reporter to the Medical, S. Wallace Allen, Malone; sergeant-at-arms, Rudolph Keener Harlan, Bartlett.

MRS. MARY KUMMER AND MOTHER IN JAIL FRAUDULENT OIL DEAL

(By Associated Press). CHICAGO, Oct. 15.—Promissory notes for \$10,000,000 and \$5,000,000 supposedly backed by oil lands in Texas, were worthless to their owners today and Mrs. Mary Kummer, 25, and her mother, Mrs. Anna Waechter, were in police cells while investigation of stories of expected fabulous wealth were being investigated. Seven years ago, when the daughter was little more than a girl, according to the police, she began soliciting funds to develop her supposed oil lands and since has lived in luxury although the oil lands were fictitious.

Among those who contributed to the supposed drilling of wells were Joseph Sokolich, who loaned \$3,000 and received the \$10,000,000 note and John Muhr, who loaned \$1,000 and received the \$5,000,000 note. After waiting long for the realization of their great expectations, Sokolich and Muhr complained to the police. They found the mother and daughter living in an old weather-beaten house which, nevertheless, was furnished sumptuously.

Given Much To Charity. Nearly all of the money received had been spent, the younger woman said. She declared, however, that not all of it was spent in living and amusements, but that she had contributed largely to various charitable organizations. Muhr and Sokolich recalled how when the oil scandal broke in Washington Mrs. Kummer and her mother boarded a train saying they were going to Washington to protect their interests.

BRYAN WEEKLY EAGLE

Entered at the postoffice at Bryan, Texas, April 22, 1912, as second class matter under act of congress March 3, 1879.

HAPPINESS NOT BOUGHT

"If I had wealth I would be happy," said the Casual Caller today. No, you wouldn't, my friend. Money can't buy joy. Happiness is an intangible thing; it comes from within instead of without; almost unconsciously we feel happy. It is something experienced by rich and poor. And the sooner we rid our minds of the notion that there is any artificial stimulant for happiness the more universal happiness there will be. To be happy is a duty we owe our community and there isn't any thing we can contribute to the general happiness like being happy ourselves. True, wealth is a great means of refinement and is a guarantee for ease. No one will deny it opens avenues that lead to achievement; it evokes beauty and insures hands that are not hardened from toil and a brow not furrowed by financial worries. While gold sheds a rosy glow over all yet it can not create that great tranquil, serene happiness that trustfulness and service well-rendered mantles the heart with.

All the unhappy people should know of the great nerve specialist who gave the tiny gleaming gold box to all victims of melancholia who sought him. Each, when presented with the mysterious curative, was sworn to secrecy as to the panacea it contained. So astonishing and unfeeling was this remedy that from all over the world people blocked to him—but it was not until just before his death that he divulged the secret.

No, there was neither pill nor powder, nor any witch's potion within that golden box. It was just a tiny piece of paper on which was written these lines:

SUGGESTED REGULATIONS

While the city police department is busy enforcing traffic laws and educating the people on this matter, there are two other things that might be taken into consideration and one of them is the habit some people have of saving garbage fees by parking their cars on the street all night. This is forbidden in most cities the size of Bryan and it is very likely that those permitting their cars to stand on paved streets all night long will find the privilege taken from them in a short time. For one thing, it hinders street cleaners in their work in the mornings. And those who leave their cars stand on the street all night are usually the late risers to remove them, too.

The second matter refers to Uru line Avenue parking in particular and some other streets where conditions are similar. There are a few residents of this street who park their cars for hours at a time next to the curbing at the side of the street. As everyone knows there is down the middle of this street the tracks of the interurban which formerly operated as far as Villa Maria Convent. When one passes the car which has been parked, his car must cross at least one rail of the tracks in order to pass by safely. This is dangerous to both the passing car and the car that is parked; for should the dirt have been washed away from the rail somewhat, and the driver not paying particular attention, he is apt to slide into the parked car. Not only would property damage result but perhaps the injury of some person. Why not park the car in the middle of the street and give passing cars the right of way along the side of the street, since street cars no longer operate on this avenue? This would give the advantage to many rather than one and make for greater safety.—H. D. Cee

We say honesty pays, but if a man is honest only because it pays, he has a poor brand of honesty.—Atlanta Georgian.

Yet it is better to be honest because it pays than not to be honest at all.

Have you made your contribution to the National Democratic Campaign? Final reports of all county chairmen will be made on November 1st. Do not wait, send in your contribution today!

How sweet and gracious, even in common speech, is that fine sense which men call courtesy.—Fields.

This cool weather should remind us to do our Christmas shopping early.

ELEVEN DOLLARS MORE RECEIVED DEMOCRATIC NAT'L CAMPAIGN FUND

Contributions received Monday to the fund for the election of Davis and Bryan the November final election amounted to \$7. J. Webb Howell of the Cotton Oil Mill gave \$5; J. F. Rogmund gave \$1 and Secretary S. E. Eberstadt gave \$1. This increases Smetana's contributions to \$20 and Bryan's total has not yet been totaled but the whole amount raised to date is \$148.75, counting the \$136.75 already remitted to the State headquarters, and the \$12 now on hand, which has been donated since the remittance was sent in.

OVER SIXTY DOLLARS TAKEN IN AT SUPPER IN SALE BOXES. CAKE

The Tabor school held a box supper and cake sale on Friday night at the school house, given under the direction of Principal W. G. Colson and Secretary S. E. Eberstadt as auctioneer. The auditorium of the building was crowded with people and some stood outside at the windows. The proceeds of the evening's program was to go for the purchase of equipment for the athletic department of the school, the feature of which is basketball. Secretary Eberstadt sold 27 boxes for a total of \$46.75, and then sold a cake for the sum of \$15. The cake was auctioned off on the most popular plan, and Miss Dell Fuller won the honors. The total receipts were \$61.75. This fund will enable the athletes to start off right in basketball and there should be some receipts from games played by this school that will help to defray track expenses next spring.

BRYAN HIGH LOST TO AUSTIN IN A NON-CONFERENCE GAME

Coach Dick Wilson's proteges, the football eleven of the Bryan high school, lost a hard game Saturday at Austin, to the team from Austin High school. This was a matched game and not a conference contest at all. Neither will the game this Friday with Waco be a conference game. They are inter-sectional matches which do not start under the league rules until early in November.

The Bryan squad got one touchdown for six points when a fumble on Austin's part gave Bryan the ball and a forward pass completed brought the score to Austin made 19 points during the game. It was not a comparatively one-sided game although Bryan is said to have been outweighed many pounds to a man.

OLD SONGS

We would that one would sing to us the songs of long ago; we'd like to hear the softened tones of "Lorena," and "Old Back Joe." Or else we'd like to shake a foot to "Turkey in the Straw" like we youngsters used to do to the disgust of Paw and Maw. The gurgling notes of "Little Brown Jug" would listen good to us; then people like to raise a tune rather than a fuss. There's "Captain Jenks of the Horse Marine," and sweet "Little Annie Rooney," a song the young folks used to sing when they were spooney. Another tune that hit the spots was "Ta Ra Boom De Ay," and one in negro dialect, "Des Push Dem Clouds Away." Old "Swanee River," "Homespun Dress," and Massa's in de Col,' Col' Ground," the lilting strains of "Fancy Four," and "Swing Dem Gels Around." The harmony of these old songs sure captivate our ears, while modern syncopated jazz drives us almost to tears.

—Mineral Wells Index.
Sam Miller, triller, nightingale, we second your motion, we know how woefully you wail when young folks take a notion to play this stuff they call, for want of better name, "music," but Lord of all, somehow it's not the same as we knew when both you and I were classed as mere boys—and in this days so long gone by we knew no "jazzy" noise. We want to hear the old quartette sing softly, "Adeline," it seems to ring in my ears yet, the words "For You I Pine;" "In the Evening by the Moonlight," or again it's "Carry Me Back," when each one sang with all his might though often off the "rack." Where are those days of long ago, we can forget them never, they'll come again? Yes? No? "Them days are gone forever."—H. D. Cee.

PUBLIC DRINKING CUPS.

The recent crusade in Dallas against unclean drinking glasses as found in soda fountains, restaurants and other public places has once more directed attention to the common drinking cup as an agent in the spread of infectious diseases. Recognition of the danger of these containers in communicating such diseases as tuberculosis, typhoid fever, scarlet fever, pneumonia, influenza, diphtheria, measles, infantile paralysis and other serious maladies has aroused medical officers to demand general legislation for the abolition of the common cup.

In certain municipalities there are ordinances and regulations which prohibit the common cup but there is no State law on the subject. Texas is one of the two States that has failed to enact a statute on this subject, although when the menace of the common cup was first brought to public attention one of the earliest bills drafted to meet the condition was offered by Senator Warren.

His bill forbade the promiscuous use of a common drinking cup, glass or other vessel for water drinking purposes in railway trains, in railway stations, in schools, churches, theatres or any other public place. This bill was reported favorably but died on the calendar.

Since that time all but Texas and one other state have framed adequate legislation so that now the common drinking cup generally is banned. Certain towns, particularly in North Carolina, have gone a step farther and have abolished glasses and cups in all public places. Because of the marked favorable results in State and community health improvement through prohibitory measures sanitarians in Texas are hopeful that the next Legislature will pass a suitable law against the common drinking cup.

COTTON RECEIPTS LOCAL WAREHOUSES UP TO END OF LAST WEEK REPORTED

The following is a list of the receipts of cotton at the Bryan warehouses up to and including last Saturday and closing with the end of the last week: Lawrence warehouse, 6,662; Farmers' Union warehouse, 5,200; Eden's warehouse, 398 square and 1,509 round bales. This make a total of 12,975 in the equivalent of square bales.

SPLENDID MEETING OF WOMAN'S BIBLE CLASS PRESBYTERIAN CHURCH

The Woman's Bible Class of the Presbyterian church held its regular monthly business and social meeting on Friday afternoon, beginning at 2 o'clock at the home of Mrs. W. N. Sholl with Mrs. Harriett Stone as hostess. The meeting opened with the Lord's prayer, recited in unison, which was followed by some splendid reports from committees on Look-out, Sick and Flowers. Various other matters came up for discussion among them the buying of furniture for the new annex.

Another matter of business attended to was the providing of clothing for the adopted orphan in the home at Files Valley. The organization follows this child at the home. The following were present at the meeting: Medames F. D. Fuller, W. W. Harris, F. E. Lichte, R. S. Mawhinney, L. E. McDougald, C. G. Wetters, Janie Zuber, Harriett Stone, Hunt, W. N. Sholl, P. K. Strelitz, Major Martin, Rude, Dale Weddington, Stephenson, Ruggles, and A. W. Kinard.

DR. W. B. BIZZELL IN ADDRESS COMMUNITY SPIRIT GIVEN AT EDGE

Following the bountiful barbecued supper with all other necessities as a feature of the Edge community fair, which was consumed by a large crowd of people, Dr. W. B. Bizzell delivered the principal address of the evening, being introduced by his intimate friend and former classmate, Judge W. C. Davis. The fair throughout the course of the afternoon had attracted crowds of people to view the agricultural and home products exhibited. Prof. Mangum, who was general supervisor and acted as presiding chairman during the evening's program, stated that the agricultural exhibits did not come up to those of last year because of the long drought of this season. He added, however, that the woman's exhibit of home products was even better than that of the last fair, which made up for a good deal.

Judge W. C. Davis spoke briefly on his pleasure of being in attendance and having a small part in the fair at Edge, stressing some of the things that Edge had accomplished in a community way, then introducing the speaker of the evening, Dr. W. B. Bizzell.

Visit to Eternal Rome.

The speaker told of his recent trip over Europe, stressing in particular his visit to Rome, the Eternal City, and telling of the old ruins of the grandeur that was once at its height in this head of a world empire. He said that today some parts of the ruins could not be identified. Rome was, at the time of its greatness, considered eternal and everlasting—yet, today she is a humble city noted only for its historical ruins of a past greatness. Then Dr. Bizzell drew another picture. He asked what is to become of our own country. In years to come will travellers from another land visit our own capital city and stand amid ruins and vision all that will have been left of what has been a wonderful civilization? He then stated that upon our institutions, the church, the school and the home depended the future fate of our government and our civilization. He also paid a tribute to community spirit such as is manifested at Edge, showing its influence in the upbuilding and development of these different institutions.

The speaker then turned aside for the moment and stated that our country had given to the world but two great things. One was a great democracy where the people participated in governing themselves. He told of the formation of our great constitution and added that he had stood beneath the tree where the peasantry of Europe in the middle ages gathered together and compelled King John of England to give them certain rights, which great contract has been handed down through the ages and known as the Magna Charta, the Great Charter, and which, in this country, has been transferred to our constitution in the Bill of Rights, which form the first amendments made to that great document.

World Getting Better.

Dr. Bizzell stated that it was his opinion that the world was growing better instead of worse. He said that the newspapers published only the unusual, the scandal, etc., while the usual, which is good and right and proper, is not news, but is the customary thing. He told of the hardships being encountered by students and the things they would be willing to undertake in order to secure a college education. He said that about a million dollars had been loaned to students since he had been head of A. and M., and to date there is yet to be paid back less than \$2,000, with checks coming almost every day for from five to ten and more dollars each. He cited several cases in particular which impressed his audience very much. He closed with an appeal for the ardent and whole-hearted support of our worth-while institutions.

At the close of the program Dr. Bizzell was presented with a large cake which Secretary S. E. Eberstadt had auctioned off on his own original plan. W. C. Hill of Edge bought the cake and presented it to Dr. Bizzell with the compliments of the Edge community.

FOUR BRAZOS CLUB BOYS HAVE WON TRIP TO ENCAMPMENT DALLAS FAIR

County Agent C. L. Beason Announces Following Boys Have Won in This County: Roy Elliott, Edge; Britton Henderson, Kurten; Tilman Jones, Reliance; and Johnnie Perrone, Steele's Store.

Having compared reports sent in from club members, County Agent C. L. Beason announced the following club boys as winners of trips to the educational encampment at the Dallas Fair, October 14, 15 and 16: Roy Elliott, Edge, best production in corn; Britton Henderson, Kurten, best record in poultry; Tilman Jones, Reliance, best record in livestock; and Johnnie Perrone, Steele's Store, best production in cotton. The boys will leave Monday, October 13 for Dallas over the H. and T. C. Two other club boys deserve special mention. Waldon Orr of Edge, who won the last two preceding trips to Dallas was a close second to Roy Elliott in the corn contest, lacking but 54 pounds of victory and also lacked but 100 pounds in production of winning over Johnnie Perrone of Steele's Store in the cotton contest. Floyd Moore was also another of the high-production boys in the cotton class, making a bale of cotton per acre and closely contesting Orr and Perrone for honors and the trip to the Fair.

THREE BRYAN CITIZENS AND ROTARY SEND FOUR CLUB BOYS DALLAS FAIR

County Agent C. L. Beason and the following club boys of Brazos county, winners in the local contests, Britton Henderson of Kurten, Roy Elliott of Edge, Johnnie Perrone of Steele's Store, and Tilman Jones of Reliance, left today noon on the H. and T. C. for Dallas where they will attend the annual state club boys' educational encampment as the guests of the Dallas Fair Association. Present at the depot were donors of tickets to these boys so that their trip to Dallas would not cost them anything unless they wished to spend some for different forms of personal pleasure and entertainment: Trav. B. Bryan presented a ticket to Johnnie Perrone; Mrs. Lee J. Rountree to Britton Henderson, J. Webb Howell to Roy Elliott, and D. L. Wilcox to Tilman Jones. The encampment begins on tomorrow morning and will continue for three days.

Team to Chicago.

These boys will take part in the program arranged by the State club leader, S. C. Evans of A. and M. College, which program includes assisting in stock judging, grain judging, farm crops, and trips to all important places in the city of Dallas. At this judging contest the best all-state team will be picked to go to Chicago to enter in competition with teams from other states at the Fat Stock Show and Exposition. It will be remembered that at the A. and M. Short Course a cold drink stand was operated to defray the expenses of this team to Chicago. Besides the trip to Chicago, prizes of trophy cups and other things will be awarded to the winners at the Dallas fair.

DAVIS WILL CARRY SOLID SOUTH IN OPINION DIRECTOR FINANCE JONES

"Appreciating your efforts and for your information as to our prospects notwithstanding propaganda to the contrary, present indications, according to Chairman Shaves's best advice, is as follows: LaFollette will carry the north-western states. Davis has the solid south with a hundred and eighty-odd electoral votes, with a full even chance to carry any or all of the following: West Virginia, Delaware, New Jersey, New York, Rhode Island, New Hampshire, Indiana, Illinois, Nebraska, Colorado, Utah, Nevada, New Mexico, Arizona; and only a few states are entirely cancelled. Parties as well as individuals must be held responsible for malfeasance in office and corrupt practices. We need money badly to refute Republican propaganda and carry our fight to doubtful states. Do your best now." The above is the text of a telegram received from Jesse H. Jones, director of finance, Democratic National Campaign, New York City, by County Chairman Mrs. Lee J. Rountree.

W. M. WICKES HIGH MAN IN GUN SHOOT-- BROKE 99 OUT OF 100

The Bryan Gun Club held its regular weekly shoot on Tuesday afternoon at the grounds in Evans' pasture. There were fifteen or sixteen who participated in the shoot, and honors went to W. M. Wickes, who broke 99 clay pigeons out of 100. The following is a record of results, as reported to the Eagle.

	Shot At	Broke
Dr. B. U. Sims	125	88
W. M. Wickes	100	99
L. Thompson	175	135
C. Estill	150	127
Hill Wilson, Sr.	125	103
Hill Wilson, Jr.	25	16
N. A. Stewart	100	87
E. Yeager	75	43
H. C. Fulgham	75	40
H. Estill	75	55
H. Murrell	50	45
D. C. Jones	50	27
R. J. Cole	75	56
H. Lenz	100	62
Gobecke	50	24
D. Weddington	50	35

ALL EX-SERVICE MEN OF BRAZOS COUNTY TO PARTICIPATE PARADE

Co-operating for the success of the big parade as one of the features of the big celebration planned by the Knights of Pythias for Armistice Day, all members of the American Legion and all ex-service men whether members of this organization or not, will be expected to show their loyalty and patriotism by joining in the parade on Armistice Day, November 11th. The men will meet and form in squads in front of the K. of P. Hall from which place the parade will start. There should be no slackers on this parade and on this day when patriotism should reign supreme, according to the committee which is at work to get the ex-service men together for the success of this feature of the parade.

THREE PROFESSIONAL TRAP SHOOTERS WILL BE PRESENT BRYAN GUN SHOOT TUESDAY

There will be three professional trap shooters present at the Bryan Gun Club's regular weekly shoot Tuesday afternoon at the grounds in Evans' pasture. They are representatives of the following firms: DuPont Powder Co., Remington Arms Co., and Winchester Arms Co. All members are urged to be on hand and spectators are given a cordial invitation to come and see an interesting shoot.

Frank Braziz and Joe Hanus, two prosperous farmers of the Edge community were among the business visitors in the city today.

BRYAN PETROLEUM COMPANY HOLDS ELECTION OF OFFICERS—J. W. BATTIS IS PRESIDENT

The following officers of the Bryan Petroleum Company were elected at a recent meeting of that newly-organized company: J. W. Battis, president; O. E. Saunders, secretary; treasurer, L. L. Holden and R. G. Hubert are the drillers in active charge of the first test well being drilled by this company just south of A. and M. College in this county.

BAPTIST CHURCH AT MILLICAN IS PLANNING FOR A NEW BUILDING

Sunday afternoon Rev. J. P. Pipkin, associational missionary, met with the Baptist church of Millican for the second consecutive Sunday afternoon, for the purpose of aiding the members in making their plans for the new church year, and of getting ready their church letter for the annual meeting of the association which takes place the 30th of October.

Rev. Pipkin met with the membership of this church by special invitation on the afternoon of Sunday, September 28, for a conference. After the preaching service, the conference was called, and church plans, finances and the progress of the affairs of the church in general were gone over. The building committee of the church reported a nice sum in the treasury for the new building which the membership has been planning the past year. It is planned either to remodel the present church building into an up-to-date building or to erect a new building entirely.

Singing Convention Sunday.

Rev. U. C. Bracewell has successfully served the Millican church as pastor for the past several years. The Sunday school under the leadership of J. W. Burrows is a wide-awake organization. The Women's Auxiliary of the church meets regularly, and though small in numbers, is an efficient missionary society. The study of the Bible is emphasized by the members of the society, and regular reports made to the associational auxiliary.

The people of Millican entertained the Brazos County Singing Convention last Sunday, and it was the pleasure of Rev. Pipkin to attend a part of the afternoon session, after meeting with the Baptist mission church at Peach Creek for the morning service.

On the whole the outlook for the Millican Baptists is bright and the church, in spite of a small membership, is taking strides in progressive upbuilding.

A. M. AND SEWANEE GAME FINISHED WITH FINAL SCORE 7 TO 0

The score at the end of the first half of the A. and M. Seawanee football game at Dallas, as printed in Saturday's Eagle on the front page, was also the final score as neither team was able to put over any more points in the last half of the game. It was a thrilling contest of football science and tactics, as stated by spectators who witnessed the game.

HEALTH COMMITTEE OF BRAZOS COUNTY HELD MEET RECENTLY

At a recent meeting of the Brazos County Health Committee held at the court house at the call of the chairman of the committee, Mrs. T. L. Haswell, the report of Miss Elizabeth Curtis, Brazos county public health nurse, was given for the month of September, 1924, as follows: Number of cases brought forward from last month, 63; new cases, 9; number active cases visited, 48; cases dismissed, 4; school districts visited, 6; number of cases referred to county physician, 1; individual conferences, 9; community group meetings, 1; instructive visits, prenatal, 8; infant and pre-school, 31; school children, 1; social service, 1; total instructive visits, 41. Child health conferences, 1; attendance, 12. Birth registration to date, 675.

Sideache Backache

"I have been taking Cardui," says Mrs. Lillie Bolton, of Lake Providence, La. "I got down in bad health and lost in weight until I only weighed 120 pounds. I had bad pains in my sides and back and my legs hurt me until I couldn't walk. I stayed in bed half the time. I tried all kinds of medicine, but it did me no good. Finally I tried

CARDUI

The Woman's Tonic

"It seems like it did me good from the very first. After I had taken half a bottle I noticed an improvement. I continued its use and I got better and better. The pains in my legs and sides disappeared and I began to gain in weight until now I weigh 155 pounds and feel better than I ever did in my life. I am perfectly well and strong. I have given it to my girls, too."

Cardui has relieved many kinds of pains and distressing symptoms caused by female trouble. It should help you, too, in the same way. Why not give it a fair trial?

OFFICERS ELECTED FOR BAPTIST BIBLE CLASS FRIDAY AFTERNOON

The Lily Myres Bible class of the First Baptist Sunday school held its regular monthly social and business meeting on Friday afternoon at the home of Mrs. T. B. Higgs with a fine attendance. Officers for the coming year were elected at this meeting, as follows: Mrs. W. C. Fountain, president; Mrs. M. Ashcraft, vice president; Mrs. R. L. Grant, secretary; Mrs. J. W. Wiley, treasurer; Mrs. R. W. Persons, teacher; Mrs. J. G. Minkert, assistant teacher. Delicious refreshments were served at the close of the session.

FEVER TICK GETTING BAD OVER THE COUNTY

The fever tick is worse than any time since before the establishment of vats in Brazos county, according to Amos Williams, farmer-rancher of the Harvey community. Mr. Williams states that he is losing considerable money and several head of cattle, 6 dying this week, as a result of the prevalence of fever ticks in large numbers and adds that a number of other cattlemen are reporting similar trouble with their herds. This is a matter, thinks Mr. Williams, that should be arousing the attention of the cattle men of this and adjoining counties and some effort made to stop the loss and to rid the cattle of the ticks.

J. Allen Myers is in Dallas this week on business.

DEMAND

TAN-LAC

The World's Best Tonic

is a prescription for Malaria, Chills and Fever, Dengue or Bilious fever. It kills the germs.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the large family pack. Recommended and guaranteed by druggists. Your money back if you are not delighted—adv.

HAPPINESS NOT BOUGHT

"If I had wealth I would be happy," said the Casual Caller today. No, you wouldn't, my friend. Money can't buy joy. Happiness is an intangible thing; it comes from within instead of without; almost unconsciously we feel happy. It is something experienced by rich and poor. And the sooner we rid our minds of the notion that there is any artificial stimulant for happiness, the more universal happiness there will be. To be happy is a duty we owe our community and there isn't any thing we can contribute to the general happiness like being happy ourselves. True, wealth is a great means of refinement and is a guarantee for ease. No one will deny it opens avenues that lead to achievement; it evokes beauty and inspires hands that are not hardened by financial worries. While gold sheds a rosy glow over all yet, serene happiness that great tranquility, serene happiness that trustfulness and service well rendered mantles the heart with.

All the unhappy people should know of the great new specialist who gave the tiny gleaming gold box to all victims of melancholia who sought him. Each, when presented with the mysterious curative, was sworn to secrecy as to the panacea it contained. So astonishing and unfeeling was this remedy that from all over the world people blocked to him—but it was not until just before his death that he divulged the secret. No, there was neither pill nor powder, nor any witch's potion within that golden box. It was just a tiny piece of paper on which was written these lines:

"Whenever you are feeling blue, Something for someone else go do."

SUGGESTED REGULATIONS

While the city police department is busy enforcing traffic laws and educating the people on this matter, there are two other things that might be taken into consideration and one of them is the habit some people have of saving garage fees by parking their cars on the street all night. This is forbidden in most cities the size of Bryan and it is very likely that those permitting their cars to stand on paved streets all night long will find the privilege taken from them in a short time. For one thing, it hinders street cleaners in their work in the mornings. And those who leave their cars stand on the street all night are usually the late risers to remove them, too.

The second matter refers to Ursuline Avenue parking in particular and some other streets where conditions are similar. There are a few residents of this street who park their cars for hours at a time next to the curbing at the side of the street. As everyone knows there is down the middle of this street the tracks of the interurban which formerly operated as far as Villa Maria Convent. When one passes the car which has been parked, his car must cross at least one rail of the tracks in order to pass safely. This is dangerous to both the passing car and the car that is parked; for should the dirt have been washed away from the rail somewhat, and the driver not paying particular attention, he is apt to skid into the parked car. Not only would property damage result but perhaps the injury of some person. Why not park the car in the middle of the street and give passing cars the right of way along the side of the street, since street cars no longer operate on this avenue? This would give the advantage to many rather than one and make for greater safety.—H. D. Cee

We say honesty pays, but if a man is honest only because it pays, he has a poor brand of honesty.—Atlanta Georgian.

Yet it is better to be honest because it pays than not to be honest at all.

Have you made your contribution to the National Democratic Campaign? Final reports of all county chairmen will be made on November 1st. Do not wait, send in your contribution today!

How sweet and gracious, even in common speech, is that fine sense which men call courtesy.—Fields.

This cool weather should remind us to do our Christmas shopping early.

ELEVEN DOLLARS MORE RECEIVED DEMOCRATIC NAT'L. CAMPAIGN FUND

Contributions received Monday to the fund for the election of Davis and Bryan the November final election amounted to \$7. J. Webb Howell of the Cotton Oil Mill gave \$5; J. F. Regmud gave \$1 and Secretary S. E. Eberstadt gave \$1. This increases Smetana's contributions to \$20 and Bryan's total has not yet been totalled but the whole amount raised to date is \$148.75, counting the \$136.75 already remitted to the State headquarters, and the \$12 now on hand, which has been donated since the remittance was sent in.

OVER SIXTY DOLLARS TAKEN IN AT SUPPER IN SALE BOXES, CAKE

The Tabor school held a box supper and cake sale on Friday night at the school house, given under the direction of Principal W. G. Colson and Secretary S. E. Eberstadt as auctioneer. The auditorium of the building was crowded with people and some stood outside at the windows. The proceeds of the evening's program was to go for the purchase of equipment for the athletic department of the school, the feature of which is basketball. Secretary Eberstadt sold 27 boxes for a total of \$46.75, and then sold a cake for the sum of \$15. The cake was auctioned off on the most popular plan, and Miss Dell Fuller won the honors. The total receipts were \$61.75. This fund will enable the athletes to start off right in basketball and there should be some receipts from games played by this school that will help to defray track expenses next spring.

BRYAN HIGH LOST TO AUSTIN IN A NON-CONFERENCE GAME

Coach Dick Wilson's proteges, the football eleven of the Bryan high school, lost a hard game Saturday at Austin, to the team from Austin High school. This was a matched game and not a conference contest at all. Neither will the game this Friday with Waco be a conference game. They are inter-sectional matches which do not start under the league rules until early in November.

The Bryan squad got one touch down for six points when a fumble on Austin's part gave Bryan the ball and a forward pass completed brought the score 19. Austin made 19 points during the game. It was not a comparatively one-sided game although Bryan is said to have been outweighed many pounds to a man.

OLD SONGS

We would that one would sing to us the songs of long ago; we'd like to hear the softened tones of "Lorena" and "Old Back Joe." Or else we'd like to shake a foot to "Turkey in the Straw" like we youngsters used to do to the disgust of Paw and Maw. The gurgling notes of "Little Brown Jug" would listen good to us; then people like to raise a tune rather than a fuss. There's "Captain Jack of the Horse Marine" and sweet "Little Annie Rooney," a song the young folks used to sing when they were spooney. Another tune that hit the spots was "Ta Ra Boom De Ay," and one in negro dialect, "Des Push Dem Clouds Away." Old "Swanee Ribber," "Homespun Dress," and "Massa's in de Col," Col' Ground," the lilting strains of "Fancy Four," and "Swing Dem Gals Around." The harmony of these old songs sure captivated our ears, while modern syncopated jazz drives us almost to tears.

—Mineral Wells Index.
Sam Miller, triller, nightingale, we second your motion, we know how woefully you wail when young folks take a notion to play this stuff, call for want of better name, "music," but Lord of all, somehow it's not the same as we knew when both you and I were classed as merely boys—and in this days so long gone by we knew no "jazzy" noise. We want to hear the old quartette sing softly, "Adeline," it seems to ring in my ears yet, the words "For You I Pine." "In the Evening by the Moonlight," or again it's "Carry Me Back," when each one sang with all his might though often off the "rack." Where are those days of long ago, we can forget them never, they'll come again? Yes? No? "Them days are gone forever."—H. D. Cee.

PUBLIC DRINKING CUPS.

The recent crusade in Dallas against unclean drinking glasses as found in soda fountains, restaurants and other public places has once more directed attention to the common drinking cup as an agent in the spread of infectious diseases. Recognition of the danger of these containers in communicating such diseases as tuberculosis, typhoid fever, scarlet fever, pneumonia, influenza, diphtheria, measles, infantile paralysis and other serious maladies has aroused medical officers to demand general legislation for the abolition of the common cup.

In certain municipalities there are ordinances and regulations which prohibit the common cup but there is no State law on the subject. Texas is one of the two States that has failed to enact a statute on this subject, although when the menace of the common cup was first brought to public attention one of the earliest bills drafted to meet the condition was offered by Senator Warren.

His bill forbade the promiscuous use of a common drinking cup, glass or other vessel for water drinking purposes in railway trains, in railway stations, in schools, churches, theatres or any other public place. This bill was reported favorably but died on the calendar.

Since that time all but Texas and one other state have framed adequate legislation so that now the common drinking cup generally is banned. Certain towns, particularly in North Carolina, have gone a step farther and have abolished glasses and cups in all public places. Because of the marked favorable results in State and community health improvement through prohibitory measures sanitarians in Texas are hopeful that the next Legislature will pass a suitable law against the common drinking cup.

COTTON RECEIPTS LOCAL WAREHOUSES UP TO END OF LAST WEEK REPORTED

The following is a list of the receipts of cotton at the Bryan warehouses up to and including last Saturday and closing with the end of the last week: Lawrence warehouse, 6,662; Farmers' Union warehouse, 5,200; Eden's warehouse, 398 square and 1,509 round bales. This makes a total of 12,975 in the equivalent of square bales.

SPLENDID MEETING OF WOMAN'S BIBLE CLASS PRESBYTERIAN CHURCH

The Woman's Bible Class of the Presbyterian church held its regular monthly business and social meeting on Friday afternoon, beginning at our o'clock at the home of Mrs. W. N. Sholl with Mrs. Harriett Stone as hostess. The meeting opened with the Lord's prayer, recited in unison, which was followed by some splendid reports from committees on Look-out, Sick and Flowers. Various other matters came up for discussion, among them the buying of furniture for the new annex.

Another matter of business attended to was the providing of clothing for the adopted orphan in the home at Fries Valley. The organization keeps this child at the home. The following were present at the meeting: Madames F. D. Fuller, W. Harris, F. E. Lichte, R. S. Mawhinney, L. E. McDougald, C. G. Wetters, Janie Zuber, Harriett Stones, Hunt, W. N. Sholl, P. K. Strelitz, Major Martin, Rude, Dale Weddington, Stephenson, Ruggles, and A. W. Kinard.

DR. W. B. BIZZELL IN ADDRESS COMMUNITY SPIRIT GIVEN AT EDGE

Following the bountiful barbequed supper with all other necessities as a feature of the Edge community fair, which was consumed by a large crowd of people, Dr. W. B. Bizzell delivered the principal address of the evening, being introduced by his intimate friend and former classmate, Judge W. C. Davis. The fair throughout the course of the afternoon had attracted crowds of people to view the agricultural and home products exhibited. Prof. Mangum, who was general supervisor and acted as presiding chairman during the evening's program, stated that the agricultural exhibits did not come up to those of last year because of the long drought of this season. He added, however, that the woman's exhibit of home products was even better than that of the last fair, which made up for a good deal.

Judge W. C. Davis spoke briefly on his pleasure of being in attendance and having a small part in the fair at Edge, stressing some of the things that Edge had accomplished in a community way, then introducing the speaker of the evening, Dr. W. B. Bizzell.

Visit to Eternal Rome.

The speaker told of his recent trip over Europe, stressing in particular his visit to Rome, the Eternal City, and telling of the old ruins of the grandeur that was once at its height in this head of a world empire. He said that today some parts of the ruins could not be identified. Rome was, at the time of its greatness, considered eternal and everlasting—yet, today she is a humble city, noted only for its historical ruins of a past greatness. Then Dr. Bizzell drew another picture. He asked what is to become of our own country. In years to come will travellers from another land visit our own capital city and stand amid ruins and vision all that will have been left of what has been a wonderful civilization? He then stated that upon our institutions, the church, the school and the home depended the future fate of our government and our civilization. He also paid a tribute to community spirit such as is manifested at Edge, showing its influence in the up-building and development of these different institutions.

The speaker then turned aside for the moment and stated that our country had given to the world but two great things. One was a great democracy where the people participated in governing themselves. He told of the formation of our great constitution and added that he had stood beneath the tree where the peasantry of Europe in the middle ages gathered together and compelled King John of England to give them certain rights, which great contract has been handed down through the ages and known as the Magna Charta, the Great Charter, and which, in this country, has been transferred to our constitution in the Bill of Rights, which form the first amendments made to that great document.

World Getting Better.

Dr. Bizzell stated that it was his opinion that the world was growing better instead of worse. He said that the newspapers published only the unusual, the scandal, etc., while the usual, which is good and right and proper, is not news, but is the customary thing. He told of the hardships being encountered by students and the things they would be willing to undertake in order to secure a college education. He said that about a million dollars had been loaned to students since he had been head of A. and M., and to date there is yet to be paid back less than \$2,900, with checks coming almost every day for from five to ten and more dollars each. He cited several cases in particular which impressed his audience very much. He closed with an appeal for the ardent and whole-hearted support of our worth while institutions.

At the close of the program Dr. Bizzell was presented with a large cake which Secretary S. E. Eberstadt had auctioned off on his own original plan. W. C. Hill of Edge bought the cake and presented it to Dr. Bizzell with the compliments of the Edge community.

FOUR BRAZOS CLUB BOYS HAVE WON TRIP TO ENCAMPMENT DALLAS FAIR

County Agent C. L. Beason Announces Following Boys Have Won in This County: Roy Elliott, Edge; Britton Henderson, Kurten; Tilman Jones, Reliance; and Johnnie Perrone, Steele's Store.

Having compared reports sent in from club members, County Agent C. L. Beason announced the following club boys as winners of trips to the educational encampment at the Dallas Fair, October 14, 15 and 16: Roy Elliott, Edge, best production in corn; Britton Henderson, Kurten, best record in poultry; Tilman Jones, Reliance, best record in livestock; and Johnnie Perrone, Steele's Store, best production in cotton. The boys will leave Monday, October 13 for Dallas over the H. and T. C. Two other club boys deserve special mention. Walden Orr of Edge, who won the last two preceding trips to Dallas was a close second to Roy Elliott in the corn contest, lacking but 54 pounds of victory and also lacked but 100 pounds in production of winning over Johnnie Perrone of Steele's Store in the cotton contest. Floyd Moore was also another of the high-production boys in the cotton class, making a bale of cotton per acre and closely contesting Orr and Perrone for honors and the trip to the Fair.

THREE BRYAN CITIZENS AND ROTARY SEND FOUR CLUB BOYS DALLAS FAIR

County Agent C. L. Beason and the following club boys of Brazos county, winners in the local contests, Britton Henderson of Kurten, Roy Elliott of Edge, Johnny Perrone of Steele's Store, and Tilman Jones of Reliance, left today noon on the H. and T. C. for Dallas where they will attend the annual state club boys' educational encampment as the guests of the Dallas Fair Association.

Present at the depot were donors of tickets to these boys so that their trip to Dallas would not cost them anything unless they wished to spend some for different forms of personal pleasure and entertainment: Trav. B. Bryan presented a ticket to Johnnie Perrone; Mrs. Lee J. Rountree to Britton Henderson, J. Webb Howell to Roy Elliott, and D. L. Wilson for the Bryan Rotary Club to Tilman Jones. The encampment begins on tomorrow morning and will continue for three days.

DAVIS WILL CARRY SOLID SOUTH IN OPINION DIRECTOR FINANCE JONES

"Appreciating your efforts and for your information as to our prospects, notwithstanding propaganda to the contrary, present indications, according to Chairman Shaves's best advice, is as follows: LaFollette will carry the north-western states. Davis has the solid south with a hundred and eighty-odd electoral votes, with a full even chance to carry any or all of the following: West Virginia, Delaware, New Jersey, New York, Rhode Island, New Hampshire, Indiana, Illinois, Nebraska, Colorado, Utah, Nevada, New Mexico, Arizona; and only a few states are entirely cancelled. Parties as well as individuals must be held responsible for malfeasance in office and corrupt practices. We need money badly to refute Republican propaganda and carry our fight to doubtful states. Do your best now." The above is the text of a telegram received from Jesse H. Jones, director of finance, Democratic National Campaign, New York City, by County Chairman Mrs. Lee J. Rountree.

W. M. WICKES HIGH MAN IN GUN SHOOT-- BROKE 99 OUT OF 100

The Bryan Gun Club held its regular weekly shoot on Tuesday afternoon at the grounds in Evans' pasture. There were fifteen or sixteen who participated in the shoot, and honors went to W. M. Wickes, who broke 99 clay pigeons out of 100. The following is a record of results, as reported to the Eagle:

Dr. B. U. Sims	Shot	At	Broke
W. M. Wickes	125	88	99
L. Thompson	100	99	98
E. Estill	175	135	135
Hill Wilson, Sr.	150	127	127
Hill Wilson, Jr.	125	103	103
N. A. Stewart	25	16	16
E. E. Yeager	100	87	87
H. E. Fulgham	75	40	40
H. Estill	75	55	55
H. Murrell	50	45	45
D. C. Jones	50	27	27
R. J. Cole	75	56	56
H. Lenz	100	69	69
Gobecke	50	24	24
D. Weddington	50	35	35

ALL EX-SERVICE MEN OF BRAZOS COUNTY TO PARTICIPATE PARADE

Co-operating for the success of the big parade as one of the features of the big celebration planned by the Knights of Pythias for Armistice Day, all members of the American Legion and all ex-service men whether members of this organization or not, will be expected to show their loyalty and patriotism by joining in the parade on Armistice Day, November 11th. The men will meet and form in squads in front of the K. of P. Hall from which place the parade will start. There should be no slackers on this parade and on this day when patriotism should reign supreme, according to the committee which is at work to get the ex-service men together for the success of this feature of the parade.

THREE PROFESSIONAL TRAP SHOOTERS WILL BE PRESENT BRYAN GUN SHOOT TUESDAY

There will be three professional trap shooters present at the Bryan Gun Club's regular weekly shoot Tuesday afternoon at the grounds in Evans' pasture. They are representatives of the following firms: Du Pont Powder Co., Remington Arms Co., and Winchester Arms Co. All members are urged to be on hand and spectators are given a cordial invitation to come and see an interesting shoot.

Frank Brazik and Joe Hanus, two prosperous farmers of the Edge community were among the business visitors in the city today.

BRYAN PETROLEUM COMPANY HOLDS ELECTION OF OFFICERS —J. W. BATTS IS PRESIDENT

The following officers of the Bryan Petroleum Company were elected at a recent meeting of that newly-organized company: J. W. Batts, president; O. E. Saunders, secretary-treasurer. L. L. Holden and R. G. Hubert are the drillers in active charge of the first test well being drilled by this company just south of A. and M. College in this county.

BAPTIST CHURCH AT MILLICAN IS PLANNING FOR A NEW BUILDING

Sunday afternoon Rev. J. P. Pipkin, associational missionary, met with the Baptist church of Millican for the second consecutive Sunday afternoon, for the purpose of aiding the members in making their plans for the new church year, and of getting ready their church letter for the annual meeting of the association which takes place the 30th of October.

Rev. Pipkin met with the membership of this church by special invitation on the afternoon of Sunday, September 28, for a conference. After the preaching service, the conference was called, and church plans, finances and the progress of the affairs of the church in general were gone over. The building committee of the church reported a nice sum in the treasury for the new building which the membership has been planning the past year. It is planned either to remodel the present church building into an up-to-date building or to erect a new building entirely.

Singing Convention Sunday.

Rev. U. C. Bracewell has successfully served the Millican church as pastor for the past several years. The Sunday school under the leadership of J. W. Burrows is a wide-awake organization. The Women's Auxiliary of the church meets regularly, and though small in numbers, is an efficient missionary society. The study of the Bible is emphasized by the members of the society, and regular reports made to the associational auxiliary.

The people of Millican entertained the Brazos County Singing Convention last Sunday, and it was the pleasure of Rev. Pipkin to attend a part of the afternoon session, after meeting with the Baptist mission church at Peach Creek for the morning service.

On the whole the outlook for the Millican Baptists is bright and the church, in spite of a small membership, is taking strides in progressive upbuilding.

A. M. AND SEWANEE GAME FINISHED WITH FINAL SCORE 7 TO 0

The score at the end of the first half of the A. and M. Seawanee football game at Dallas, as printed in Saturday's Eagle on the front page, was also the final score as neither team was able to put over any more points in the last half of the game. It was a thrilling contest of football science and tactics, as stated by spectators who witnessed the game.

HEALTH COMMITTEE OF BRAZOS COUNTY HELD MEET RECENTLY

At a recent meeting of the Brazos County Health Committee held at the court house at the call of the chairman of the committee, Mrs. T. L. Haswell, the report of Miss Elizabeth Curtis, Brazos county public health nurse, was given for the month of September, 1924, as follows: Number of cases brought forward from last month, 63; new cases, 9; number active cases visited, 48; cases dismissed, 4; school districts visited, 6; number of cases referred to county physician, 1; individual conferences, 9; community group meetings, 1; instructive visits, prenatal, 8; infant and pre-school, 31; school children, 1; social service, 1; total instructive visits, 41. Child health conferences, 1; attendance, 12. Birth registration to date, 675.

OFFICERS ELECTED FOR BAPTIST BIBLE CLASS FRIDAY AFTERNOON

The Lily Myres Bible class of the First Baptist Sunday school held its regular monthly social and business meeting on Friday afternoon at the home of Mrs. T. B. Higgs with a fine attendance. Officers for the coming year were elected at this meeting, as follows: Mrs. W. C. Fountain, president; Mrs. M. Ashcraft, vice president; Mrs. R. L. Grant, secretary; Mrs. J. W. Wiley, treasurer; Mrs. R. W. Persons, teacher; Mrs. J. G. Minkert, assistant teacher. Delicious refreshments were served at the close of the session.

FEVER TICK GETTING BAD OVER THE COUNTY

The fever tick is worse than any time since before the establishment of vats in Brazos county, according to Amon Williams, farmer-rancher of the Harvey community. Mr. Williams states that he is losing considerable money and several head of cattle, 6 doing this week, as a result of the prevalence of fever ticks in large numbers and adds that a number of other cattlemen are reporting similar trouble with their herds. This is a matter, thinks Mr. Williams, that should be arousing the attention of the cattle men of this and adjoining counties and some effort made to stop the loss and to rid the cattle of the ticks.

J. Allen Myers is in Dallas this week on business.

DEMAND TAN-LAC

Over 100,000 people have testified that TAN-LAC has relieved them of:

Stomach Trouble, Indigestion, Heartburn, Palpitation, Rheumatism, Mal-Nutrition, Sleeplessness, Nervousness, Loss of Appetite, Loss of Weight, Torpid Liver or Constipation.

is a prescription for Malaria, Chills and Fever, Dengue or Biliousness. It kills the germs.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calabats, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calabats at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calabats are sold only in original sealed packages, make ten cents for the west-market size; fifty cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted—adv.

M. H. JAMES DRUG CO.

The official visit of Grand Officers, Order of the Eastern Star to Bryan Chapter. No. 222, on Monday, October 13th, was an occasion long to be remembered by those who attended, and considered by many as one of the most brilliant affairs in the history of the local chapter. Besides a very large attendance from Bryan and College, many were present from Calvert. Navasota, Iola, Bedias, and other nearby chapters. The chapter rooms were beautiful in an artistic decoration of cut flowers, in the chosen colors of the Order, with handsome ferns on pedestals as a background. On the piano, and also on the secretary's desk were white art baskets filled with pink roses and coral vine, and a pedestal basket filled with gorgeous yellow chrysanthemums held central placement in front of the station of the worthy matron. The banquet room, where refreshments were served at the close of the evening's program, was also adorned with a floral touch of beauty. The long table, covered with a white damask cloth had a central decoration of smilax running the entire length of the table. In the center, and at either end of the table, mounds of pink queen's wreath gave rich coloring, which was again emphasized in burning pink candles held in crystal holders.

The chapter session was presided over by Mrs. Albert Buchanan, as worthy patron pro tem, and H. E. Randolph as worthy patron pro tem, with Mrs. Floyd Erskine, secretary at the desk, M. M. Erskine, treasurer

There were 13,062 bales of cotton counted round as half bales, grown in Brazos county from the crop of 1924, prior to October 1, according to a report received by Joe F. Ward, local statistician, from V. Steuart, director of cotton division, Bureau of Census, Department of Commerce, Washington, D. C.

was heard. The Smetana school under the leadership of Prof. Dixon Turner, is planning to purchase a radio set as a means of bringing the community together in a friendly spirit. A community center is another thing that is being planned by Principal Turner and that to be formed in the near future.

Charles Sosolik motored to Mankato Sunday to see his wife who is in the bath treatments there.

Experienced and Heavier
The Dallas aggregation for most part is composed of veterans and will be somewhat heavier on the local team. The local team experienced, green and much younger than last year's squad, but in their last two games they have shown much improvement, and with the help of their squad fully recovering from their early season injuries the team can be expected to be in good form for their first conference game on Saturday.

This circular is valuable to those who are interested in controlling outbreaks since it contains a full account of the development and final eradication of the disease in twenty-two States, the largest territory ever covered by foot and mouth disease in this country. It is a full history of the outbreak, a discussion of the possible origin of the infection and details of the methods of control, including quarantine, inspection, appraisal, slaughter and disinfection. Copies of this circular may be had, while they last, by addressing the United States Department of Agriculture, Washington, D. C.

Eastern Star Entertains Grand Officers

The official visit of Grand Officers, Order of the Eastern Star to Bryan Chapter, No. 222, on Monday, October 13th, was an occasion long to be remembered by those who attended, and considered by many as one of the most brilliant affairs in the history of the local chapter. Besides a very large attendance from Bryan and College, many were present from Calvert, Navasota, Iola, Bedias, and other nearby chapters. The chapter rooms were beautiful in an artistic decoration of cut flowers, in the chosen colors of the Order, with handsome ferns on pedestals as a background. On the piano, and also on the secretary's desk were white art baskets filled with pink roses and coral vine, and a pedestal glass filled with gorgeous yellow chrysanthemums held central placement in front of the station of the worthy matron. The banquet room, where refreshments were served at the close of the evening's program, was also adorned with a floral touch of beauty. The long table, covered with a white damask cloth had a central decoration of smilax running the entire length of the table. In the center, and at either end of the table, mounds of pink queen's wreath gave rich coloring, which was again emphasized in burning pink candles held in crystal holders.

The chapter session was presided over by Mrs. Albert Buchanan, as worthy patron pro tem, and H. E. Randolph as worthy patron pro tem, with Mrs. Floy Erskine, secretary, at the desk, M. M. Erskine, treasurer.

and the following officers in their places: Mrs. Dora Wilson, associate matron; Mrs. H. P. Smith, associate conductress; Mrs. Rosa Stubenrauch, chaplain; Mrs. T. A. Adams, marshal; Mrs. George Long, pianist; Miss Vivian Royder, Adah; Mrs. S. C. Rude, Ruth; Mrs. Thomas Lundin, Esther; Miss Adell Hall, Martha; Mrs. S. C. Lewis, Electa; Mrs. Geo. F. Lee, warden; C. C. Henderson, sentinel.

Mrs. R. M. Damsby received the degrees of the Order at this meeting, and it being the regular monthly session, chapter routine business was then dispatched in order that the distinguished visitors might address the assembly.

The following grand officers were officially welcomed: Mrs. Norton B. Wellborn, Somerville, worthy grand matron of the Grand Chapter of Texas; Senator T. J. Holbrook, Galveston, worthy grand patron; P. S. Park, Bryan, past worthy grand patron; Mrs. David Ella Rice Holbrook, Galveston, district deputy grand matron; Mrs. Nannie Yeager, Bryan, and Mrs. Skelton, Bedias, assistant district deputies; Mrs. Maude Siddall, Anderson, grand marshal. Past and present worthy matrons and patrons were then officially presented as follows: Mrs. Lena Brown, Mrs. Allen Smith, Mrs. J. M. Dunn, M. Dunn, W. F. Davis, C. M. Bethany, all of Bryan chapter, No. 222, and Mrs. Weese, worthy matron, of Calvert chapter.

The principal addresses of the evening were made by Mrs. Norton B. Wellborn, worthy grand matron of Texas, and Senator T. J. Holbrook, worthy grand patron. Both speakers were lavish in their praise and appreciation of the splendid work being done by the Bryan chapter, its beautiful chapter rooms, its large membership and the excellence of the work as being carried on. The worthy grand matron, spoke feelingly of her love for Bryan and Brazos county, the place of her birth and her early childhood, and during the evening she met with many of her old time friends. At the close of her address, C. M. Bethany, in behalf of Bryan chapter, No. 222, presented to Mrs. Wellborn a pair of sterling silver candlesticks, engraved "Bryan Chapter, No. 222," as a slight token of love and appreciation. Mrs. Oak McKenzie, worthy matron of Bryan chapter who was prevented from being present on account of illness, sent to Mrs. Wellborn, Mrs. Holbrook and Mrs. Siddall corsage bouquets of carnations and roses.

A short program of three numbers was then given and closed the evening's entertainment as follows: Vocal duet, "Whispering Hope," by two of the Rainbow Girls, Mary Beth and Katherine Mitchell, accompanied by Miss Lillian Beaumont; reading, Miss Gussie Ballestered; vocal solo, (a) "If I Were A Rose," Hesselberg, (b) "Lullaby," LeBaron, Miss Erin Jolly, accompanied by Mrs. Geo. Long.

Refreshments of baked apple salad, chicken sandwiches, olives and coffee were served in the banquet hall to nearly two hundred guests.

METHODIST WOMAN'S MISSIONARY SOCIETY MEETING ON MONDAY

The Woman's Missionary Society of the First Methodist church met in groups at homes of church members. Report on the meetings have been received as follows:

Group No. 3 Meeting.

Group No. 3 held a very interesting meeting at the home of Mrs. L. E. Bailey at Cedar Crest. The program of the day was the Mission Study and was ably conducted by Mrs. W. B. Cline. The group reported 43 visits to the sick and strangers; and 80 chapters of the Bible read since the last meeting. Thirteen members responded to roll call. \$66.00 in dues and pledges collected. The group had as their honored guest Rev. H. C. Willis and daughter, Mrs. Geo. Call, and grandson Geo. Call, Jr., also Mrs. H. N. Cochran, general president. At the close of the program a dainty refreshment plate was served to the following: Mesdames Albert Hane-man, C. R. Gardner, H. N. Cochran, E. C. Harder, B. T. Poole, Williams, W. B. Cline, Sam E. Eberstadt, Norcross, W. A. Stone, H. C. Willis, J. M. Barron, George Call, of Beaumont and Rev. H. C. Willis.

Group No. 5 held a delightful meeting with Mrs. A. D. Graham. Bright fall blossoms added a cheerful greeting that permeated throughout the rooms. Mrs. W. M. Owens led the devotional exercises and Mrs. John Seeley Caldwell led the opening prayer. The lesson was in charge of Mrs. C. M. Bethany, assisted by Mesdames Fred Jones, W. K. Gibbs, Lamar Jones, Jim James and Miss Callie Kern, and was on "Upward the Trail to Japan." During the business session it was reported 190 chapters read and 19 visits made. At the conclusion of the lesson and business session the hostess asked the ladies to remain for a social half hour and during this time she passed delicious chocolate ice cream and cake. Present were: Mesdames C. M. Bethany, H. R. Braxton, J. N. Dulaney, J. M. Williams, W. K. Gibbs, Jim James, John Seeley Caldwell, W. M. Owens, Fred Jones, A. D. Graham, Lamar Jones, Misses Callie Kern and Nelle Cole.

SURPRISE PARTY FOR MRS. W. W. SMITH ON HER 91 NATAL DAY

A pleasant and delightful surprise was given to Mrs. W. W. Smith at her home at Fountain, in the western part of the county Sunday, in celebration of her 91st birthday. The surprise was sweet and comforting, and a real joy to Mrs. Smith, for it brought to her the day her children and grandchildren, friends and neighbors in close loving communion, and made her heart glad. Without letting her know of the plan, the self invited guests began to arrive early Sunday morning, at the home of Mrs. Smith, each one bringing a well filled basket of delicious good things to eat, gifts and remembrances for the dear mother, grand mother and friend. It was a happy day, and a thoughtful courtesy from loved ones to an appreciative recipient. At the noon hour, while the dear old mother talked with the many friends present, the lunch baskets were emptied and a dinner table set with everything that heart could wish was prepared in honor of her birthday, and she was escorted to the head of the table as honoree. Those present for this enjoyable day were: Mr. and Mrs. W. C. Smith and family, Caldwell; Mr. and Mrs. W. A. Smith and family, Milano; Mr. and Mrs. W. W. Hall and daughter, Miss Ella Hall of Bryan; Mr. and Mrs. W. A. Deason, Bryan; Mr. and Mrs. W. Jacobs and family, of Bryan; Mr. and Mrs. J. D. Cunningham, Ham, Fountain, Texas.

GOVERNMENT'S GINNING REPORT FOR BRAZOS COUNTY

There were 13,062 bales of cotton, counting round as half bales, ginned in Brazos county from the crop of 1924, prior to October 1, according to a report received by Joe F. Howard, local statistician, from W. H. Steuart, director of cotton division, Bureau of Census, Department of Commerce, Washington, D. C.

METHODIST MISSIONARY SOCIETY MEETING COLLEGE MONDAY WITH MRS. WATKINS

The Woman's Missionary Society of the Methodist church met at College Monday afternoon, with Mrs. C. O. Watkins. A very interesting discussion of the first chapter of the new book was led by Mrs. F. A. Beuchel. The following were present: Mesdames Wayne Fredericks, D. F. Harrison, F. A. Beuchel, C. O. Watkins, Jennie Yates, G. P. Grout, J. L. McKee, W. A. Stone.

SHORT SESSION BRYAN CHAMBER COMMERCE HELD THIS MORNING

President John M. Lawrence, presiding at the regular Tuesday morning meeting of the Board of Directors of the Bryan and Brazos County Chamber of Commerce, stated today that Grimes county was working the road leading to the Democratic crossing and that he would like to see Brazos county work the road from Kur-tis to the Democratic crossing at Secretary S. E. Eberstadt made several reports. The first was in regard to the advertising and soliciting committee's work. He said that 11 different advertising schemes presented, six solicitors for magazines and six beggars who had called to request endorsements on last Friday and Saturday. All were refused as their credentials, if they had any, were not of sufficient merit to warrant endorsements. The secretary then raised the question of an ordinance prohibiting begging on the streets of the city and was informed by City Manager J. Bryan Miller that there was such an ordinance and that in the future it would be rigidly enforced.

Kurten Fair Friday.

The secretary reported locating 4 couples in light housekeeping rooms since the last meeting of the board; and having attended fairs at Edge and Steele's Store and a box supper at Taber. He announced the Kurten community fair which will be all day Friday with an evening program and urged the business men of Bryan to attend.

Mrs. Lee J. Rountree reported visiting the East Side school on Wednesday of last week and making a talk on fire prevention. She stated that the students gave careful attention to her remarks and believed that they had had some effect. J. E. Hensarling, Mr. Scott Barnett, Mrs. E. B. Flowers, Mr. and Mrs. Larry Stephens, Rev. and Mrs. R. L. Brown, Miss Alma Mitchell, Wake Forrest, N. C.; Misses Mary Beth and Catherine Mitchell, Miss Gussie Ballestered, Mr. and Mrs. W. E. Neely, Mr. and Mrs. Harry S. Edge, Betsy Seary, Dr. and Mrs. Lamar Jones, Mr. and Mrs. J. Bryan Miller, Dr. C. A. Seary, Tom G. S. J. W. Hall, F. D. Fuller, Norah Ward, Theo. M. Thomson, Miss Ruth Knox, pianist, and H. D. Cuykendall of the Bryan Eagle.

Secretary Eberstadt stated that the party cleaning the flues and chimneys could not keep up with the orders coming in for this work. One patrons told the Secretary that when the flue was cleaned out recently it was found to be faulty and that some of the rafters were charred as a result of the use of the chimney. He stated that no doubt a fire was avoided and prevented by the discovery of the faulty flue, which was remedied.

Present at the meeting were: W. H. Cole, J. N. Dulaney, Tyler Haswell, J. Webb Howley, J. M. Gordon, President John M. Lawrence, T. K. Lawrence, J. Bryan Miller, Oak McKenzie, M. L. Parker, Mrs. Lee J. Rountree, with Secretary Eberstadt at the desk.

RADIO CONCERT GIVEN AT SMETANA ON FRIDAY NIGHT DREW RATHER LARGE CROWD

C. E. Griesser and wife gave the people of Smetana community a radio concert when he took a large set, without overhead aerial, to the school house and placed it on the front steps where all could hear it out in the open air. Static was bad for the opening hour, but about 9:30 to 10 it cleared away as the evening became cooler and some fine music was heard. The Smetana school under the leadership of Prof. Dixon L. Turner, is planning to purchase a radio set as a means of bringing the community together in a more friendly spirit. A community club is another thing that is being planned by Principal Turner and this is to be formed in the near future.

Charles Sosolik motored to Marlin Sunday to see his wife who is taking bath treatments there.

LADIES PRESENT AT LIONS MEET TODAY-- FINE PROGRAM GIVEN

M. M. Erskine, program leader for the day at the Lions Club meeting in the dining room of the Episcopal parish house, had arranged a splendid program. The musical features were fine. Miss Gussie Ballestered gave a fine reading, "Maggie and Jiggs at the Golden Gate" which was filled with humor true to McManus' cartoons and brought much applause, and followed with an encore "Between Two Loves" in Italian dialect. Then Misses Mary Beth and Catherine Mitchell of Union Hill, who are students of College Consolidated School, soprano and alto, sang "Whispering Hope" which was beautiful and in response to general demand gave an encore "Marquitta".

A basket of flowers was brought to the door and bore a card of regret from Mr. and Mrs. Coulter Smith because of their inability to be present at the meeting today. Upon suggestion from R. L. Brown the flowers will be sent by the Lions Club to Miss Ralphanna Seary at the Bryan Hospital. Dr. Seary expressed his gratitude to the Lions Club and its membership for their thoughtfulness toward his daughter and for the gift of a bunch of flowers previously sent to Miss Seary as she lay ill.

Munson on Road Work.

Then T. A. Munson gave the talk of the meeting on road work as he came in contact with it on his vacation from which he returned but a short time ago. He took up the transportation problem as developed with the progress of the motor industry and traffic, giving figures to show the preponderance of saving in fuel and in money by having hard-surfaced or even gravel roads over the old dirt roads. He closed by paying a neat compliment to the city officials who have marked off parking spaces on the Main Street of Bryan for the convenience of all motor car owners.

Miss Betsy Seary sang a little humorous skit after which the Club dismissed with joining hands and singing "Good-day Fellows".

Those present were: Mr. and Mrs. O. J. Parks, Mrs. Henry Locke, Mrs. L. E. MacDougall, Mr. and Mrs. M. B. Parker, Mrs. C. A. Seary, Pat Newton, T. A. Munson, Mr. and Mrs. Eugene V. Spence, C. R. Gardner, Libby Lynn Gardner, Richard Ratcliff, Mr. and Mrs. M. M. Erskine, J. E. Hensarling, Mrs. M. Scott Barnett, Mrs. E. B. Flowers, Mr. and Mrs. Larry Stephens, Rev. and Mrs. R. L. Brown, Miss Alma Mitchell, Wake Forrest, N. C.; Misses Mary Beth and Catherine Mitchell, Miss Gussie Ballestered, Mr. and Mrs. W. E. Neely, Mr. and Mrs. Harry S. Edge, Betsy Seary, Dr. and Mrs. Lamar Jones, Mr. and Mrs. J. Bryan Miller, Dr. C. A. Seary, Tom G. S. J. W. Hall, F. D. Fuller, Norah Ward, Theo. M. Thomson, Miss Ruth Knox, pianist, and H. D. Cuykendall of the Bryan Eagle.

FIRST CONFERENCE ACADEMY FOOTBALL GAME ON SATURDAY

On next Saturday, October 18th, the Allen pig skin chasers will play in Bryan their first Texas Academy Conference game against the Dallas Academy of Dallas. This game promises a thrill from start to finish.

Both teams are pointed for this, their first conference game. The boys from Dallas are coming determined to defeat the last year's conference champions, and it is their greatest ambition to revenge the defeat they received from Allen last year in Dallas.

Experienced and Heavier.

The Dallas aggregation for the most part is composed of veterans and will be somewhat heavier than the local team. The local team is inexperienced, green and much lighter than last year's squad, but in each of their last two games they have shown much improvement, and with most of their squad fully recovering from their early season injuries the Allen team can be expected to be in top form for their first conference game on Saturday.

MEXICAN ATTEMPTED ASSAULT MISS ETTA PETERS ON SATURDAY

Two cars came in on the Hearne road on North Bryan Street at an opportune time between 8 and 9 o'clock on Saturday night and flashed their lights on a Mexican who had assaulted Miss Etta Peters as she was on her way home from the office, just as he was endeavoring to drag her over to a nearby ravine. As the lights were flashed on the Mexican he released Miss Peters and ran toward the ice plant, Miss Peters stopped the cars and asked them to notify officers and then ran into the home of Mrs. Patronella and telephoned for officers. Local authorities arrived on the scene in just a few minutes and scoured the neighborhood for the culprit but though three different parties were brought before Miss Peters for identification, none proved to be the one who had made the assault. Miss Peters lives at the home of Mrs. R. B. Welch at the north end of Bryan street and usually goes home at a late hour from her dressmaking offices over the Buick Garage. Miss Peters gave the above version of the incident.

CAR REGISTRATIONS FOR BRAZOS COUNTY

The following is a list of the new cars registered since the last previous publication of last week, according to the official records of County Tax Collector Roy Rudspeth: M. Hunter, Steele's Store; W. I. McCulloch, Bryan; J. E. Weedon, Bryan; P. H. Price, Bryan; T. C. Elliott, Edge; Rev. J. B. Gleissner, Bryan; Mrs. Lucy Cotrone, Steele's Store; John Catrope, Steele's Store; Vince Abarts, Bryan; P. H. Fish, College Station; C. M. Maxwell, Iola; R. W. Thurman, Bryan; Jno. M. Lawrence, Bryan; H. O. Boatwright, Bryan; T. F. Childers, Hearne; A. W. Emmel, Bryan; Joe W. Sikoiski, Bryan; Mrs. H. A. Burger, Bryan; I. Manloff, Bryan; Miss Lena Wooten, Bryan; Nance Salvaggio, Steele's Store; Eliza Evans, Bryan; D. H. Candle, Iola; Anthony Martin, Bryan; R. E. Lindsey, Bryan; Elijah Adams, Bryan; Joe Triggs, Bryan; M. P. Scardino, Bryan; L. E. Robinson, Wellborn; Ella Jones, Bryan; Jas. Godue, Jr., Benchley; George Jones, Bryan; Route 6; John Kubin, Bryan; Route 5; F. B. Brown, College Station; J. Kopocky, Benchley; Frank McKelip, Benchley; W. J. McDonald, Edge; John Payne, Bryan; W. R. Ettle, Bryan; Joe Kayslar, Bryan; L. L. McInnis, Bryan; Roger Collette, Steele's Store; Jack Lokelton, Bryan; C. B. Moore, Edge; S. P. Moore, Edge; David Reid, Bryan; E. C. Carter, Steele's Store.

ELEVEN HEAD OF HORSES FROM A. & M. COLLEGE GO ON EXHIBIT DALLAS FAIR

Due to the quarantine on cattle and order on non-movement and non-exhibition at fairs or stock shows generally, the A. and M. College was unable to send any of its herd to Dallas to the State fair, but eleven head of horses have been sent there to be placed on exhibit, said R. E. Smith, livestock inspector for Brazos county. These were sent from the animal husbandry department, continued Mr. Smith.

VOTE STRAIGHT SAYS CULBERSON

TEXAS SHOULD NOT ENDANGER USUAL MAJORITY FOR THE NATIONAL TICKET

INCLUDING FERGUSON

(By Associated Press.) HOUSTON, Oct. 13.—In a telegram to E. A. Berry, chairman of the State Democratic executive committee, former Senator Charles Culberson said that in his judgment it is the clear duty of Democrats to support the straight ticket, both State and National, including Mrs. Ferguson as nominee for governor, in the coming general election. The telegram was sent as an appeal to the voters to vote in the general election as a result, Culberson said, of the organized effort now in favor in the State on the part of some dissatisfied Democrats and Republicans to defeat our State ticket and to greatly reduce the majority for our National ticket.

CIRCULAR BEING ISSUED REGARDING THE DREADED FOOT AND MOUTH DISEASE

WASHINGTON, Oct. 13.—Because of the need for a thorough understanding of the methods which have produced good results in combating serious outbreaks of foot and mouth disease, the U. S. Department of Agriculture has just issued Department Circular 325 which deals particularly with the outbreak of 1914, the most serious one with which livestock owners and livestock sanitary authorities have had to contend.

This circular is valuable to those who are interested in controlling outbreaks since it contains a careful account of the development and the final eradication of the disease from twenty-two States, the largest territory ever covered by foot and mouth disease in this country. It includes a full history of the outbreak with a discussion of the possible origin of the infection and details of quarantine, inspection, appraisal, slaughter, and disinfection. Copies of the circular may be had, while they last, by addressing the United States Department of Agriculture, Washington, D. C.

For quick results try Eagle want ads.

BRAZOS COUNTY FAST LOSING CATTLE BY FEVER TICK ROUTE

It was in April a year ago that the commissioners' court of Brazos county decided to drop the tick eradication work that had been maintained up to that time over Brazos county, according to R. E. Smith, State livestock inspector for Brazos county, who gave the Eagle this morning some interesting figures in regard to losses from the tick in the past few weeks.

Mr. Smith said that out of 41 herds of livestock, numbering 2,326 cattle, 21 herds, or over half of them, numbering 342 cattle, were found to have shown fever ticks. The 2,326 cattle were the total number that were either dipped or inspected by Mr. Smith during the last month. Mr. Smith added that 21 cars of cattle had been shipped to Fort Worth the last month, the number of head being 872.

Nearly 100 Head Lost. Losses from the fever tick are coming in to the office every day, said Mr. Smith. Among the heavier losers are: S. E. Dunlap of Millican who reports about 40 head lost this summer and fall; Siegert and Vinson of Riverside, 20 head in the past six weeks, and J. D. Conlee lost about 12 head lately. These are but a few of those who have reported losses and many other losses have likely not been reported at all. Mr. Smith conservatively estimates the losses in the last six weeks at from 75 to 100 head. Even at the low price of cattle it would not take long to equal or exceed the cost of keeping up the tick eradication work in this county which is estimated to have cost around \$12,000 per year, stated one cattleman.

HIGH SCHOOL NOTES

For this year as well as for the past two years the high school classes of English have entered into a co-operative plan for buying books required for outside reading in literature. By this plan each pupil contributes fifty cents and enough books are bought to go around to all the pupils within the specified time. Instead of each pupil buying from four to six classics each year, a co-operative contribution of \$3.50 to \$5.50 each pupil in the previous years we have made shift to get along with a contribution of one dollar, the accumulation of one dollar to make a contribution of only 50 cents. These classics have all been left in the library for the benefit of those who shall come after.

In order to keep our laboratories in sciences and manual arts up to standard it is necessary for the students who take courses to deposit fee to cover breakage and loss and to pay partly for the supplies used. A student who takes Latin or history or some other strictly academic subject does not use up chemicals or groceries or other similar supplies in doing laboratory work.

Some of our manual training boys, C. G. Walker, Hal Buchanan, Joe Altimore, J. E. Brown, Joe Dobrovolt, Harry Jenkins, Reed McDonald, Ervin McLeary, Jim Woodard, made a lunch counter for the use of our cafeteria. The work was done substantially and in a style in keeping with the surroundings.

The school cafeteria is serving lunch to a large number of pupils, and teachers. The food is cheap, substantial, varied, and wholesome. This enterprise of the home economics department is deservedly popular. Miss Helen Racey is responsible.

Clearing the Grounds.

The school grounds are from day to day becoming cleared of broken glass, brick bats, stones, broken pieces of cement and debris of all kinds. The trees and flowers were well-cared for during the summer and the grounds are in a most excellent condition, and are surpassed by those of no school in the state, so far as is known.

J. H. Hood, of Houston, district Boy Scout executive, visited high school assembly Monday morning at 10:05 o'clock. He talked on the students on the subject, "Be Prepared."

The following is the attendance the past week at the city schools as compared with attendance the corresponding week in the year 1921-22.

LAMAR BETHEA BEEN NAMED CHAIRMAN OF DISTRICT FOR STADIUM

(Special to Bryan Daily Eagle)

AUSTIN, Oct. 13.—Lamar Bethea, of Bryan, has been appointed chairman for the Bryan district in the fall phase of the campaign to raise west stands in the Texas Memorial Stadium, now being erected on the campus of the University of Texas. This additional construction will enable the stadium builders to install the memorial features of the structure, it was announced. The campaign will start in the near future, it was said.

The fall phase of this campaign is expected to bring in \$200,000.00, a sum that will provide ample funds for the completion of the work contemplated at this time, said William L. McGill, chairman of the campaign in speaking of this project. The effort this fall will be centered in the smaller towns of the state, said McGill because there is where the great majority of the ex-students of the university reside. Prominent civic leaders in the leading town of each district are being asked to head the movement to erect the first statewide memorial to Texas fighters. These chairmen will have complete charge of the work in their district and will set up organizations to carry out their plans, said McGill.

State-Wide Memorial.

Follow-up work will also be done in the larger cities and a committee of prominent ex-students and friends of the university will be secured to aid in the campaigns where their aid is requested.

"It is our intention to give every man and woman in Texas a chance to get in on this first state-wide memorial to our fighters," declared McGill, "because we think a state wide memorial should be democratic. We do not want anyone to feel that this is strictly a University of Texas proposition; it is broader than any school, it is as broad as our state. For this reason we are instructing all chairmen to tell their solicitors not to refuse any donation, no matter how small, for we have found that one dollar from many persons means more to them, and is given with a better spirit, than one hundred dollars from others more fortunate."

WATTHUBER NUMBER 1 DOWN 800 FEET AND FIND SAME STRATA

The Bryan Petroleum Company's Wathhuber No. 1, two and a half miles south of A. and M. College, are drilling in hard gumbo at 800 feet. The formations are running the same as in the old Putz well drilled by the Bryan Oil and Gas Company 12 years ago, where they had a big showing of both oil and gas, according to H. L. Lewis, drilling superintendent for the Daniger Oil and Refining Company and a director in the Bryan Petroleum Co. The Wathhuber No. 1 is located about 500 feet northeast of the Putz well. The drillers feel confident that they are going to get a real oil well, said Mr. Lewis. There were over 500 people from Bryan and the county at the well yesterday and saw natural gas and live oil coming from the Putz well which is being used for water for drilling of Wathhuber No. 1, continued Mr. Lewis.

Spent \$36,000 Already.

Mr. Lewis completed the well on the Amon Williams ranch in Harvey community for the Daniger Oil and Refining Company recently and has been in this county for the past two years, at all times confident that there was a field here awaiting development. Mr. Lewis added that the Company he represented had spent about \$36,000 trying to develop a field through wild-cat operations and had not yet abandoned their plans for this section of the country. He said that his company had large financial interests in the Bryan Petroleum Company and were confident that a well would be brought in in the Wathhuber area. He said the company was most favorably impressed with the location of the Wathhuber No. 1 and prospects for bringing a well.

Wonderful Prospects.

Mr. Lewis himself was most optimistic on the subject. He said that there was certainly oil somewhere in this area and that it would ultimately be found. However, he found the people rather fed up on oil talk due to the poor results to date in the wild-catters that have been put down. But, he said, the same people are liable to wake up some morning and find a big oil field has been located and Bryan will be the center of a wonderful prospect for future growth and wealth.

TEXAS GOOD PLACE TO ACQUIRE A FARM MATRIMONIAL ROUTE

If you want to marry a farm, Texas offers splendid opportunities. Over six per cent of the plainmen of the Lone Star States have acquired their land by matrimony, according to the Sears-Roebuck Agricultural Foundation, based on a survey made by the United States Department of Agriculture.

Texas is almost as good a hunting ground for the land-eyed suitor as the five North Central States, Kansas, Nebraska, Iowa, Illinois, and Minnesota, known as the "Farm by Marriage" group. In these states an average of 8.4 per cent of the farm owners have taken a farm along with a wife. In Kentucky and Tennessee of the 845 farmers interviewed, 5.9 owned their farm to cupid.

Purchase Got Most. Of 109 Texas farm owners, 88.2

Paul Freeman, division superintendent of and acting for the Western Public Service Company of Colorado Springs, Colorado, has big plans for a general electric distribution plant for this section of Texas and wants to locate the central plant at Bryan and supply electric current to plants and to towns and cities within a radius of fifty miles. In order to carry his plans through to completion he deems it necessary for them to take over the Bryan Light and Power Plant from the city and has submitted a proposition to the Bryan City Commission along this line. Under the terms of the proposition the company agrees to bear all expense of an audit of the books of the light and water departments of the city, and of competent valuation engineers to place a value upon the electric and water plant, this report of auditors and valuation engineers to be confidential to the City Commission and the mayor. Then the Western Public Service Company would make a bid for the plant as it stands and the business which the city has established. The company would pay the city cash for the investment and plant. Then, should the City Commissioners be agreeable, an election will be held so that the public may cast the final decision on whether the plant should or should not be sold to the Western Public Service Company.

The Western Public Service Company, incorporated under the laws of Colorado, own utility properties at Navasota, Sour Lake, Somerville, Hempstead, Calvert, Bremond, Franklin, Caldwell, Kosse, and the ice plants at Hearne and Bryan, included with which are fifty utilities in incorporated towns, and in addition fifteen villages from 300 to 800 population, in the states of Texas, Colorado, Nebraska, Missouri, and Iowa. The Bryan ice plant is said to represent an investment of \$130,000 and that \$25,000 would have to be spent on the plant during the coming winter months to enable it to take care of the growing needs of the people of Bryan and vicinity.

Now the Western Public Service Company has selected Bryan as the most suitable location for a central power plant to supply all towns and plants of the company within a radius of fifty or so miles with electric light and power. They feel that Bryan is the logical point to make this location, according to the Eagle's information. They want to install a 5,000-horse power plant of the latest modern type to supply the necessary power. Their transmission lines, it is said, would run northward to Kosse, south to Hempstead, and a branch line from Bryan to Caldwell and on to Somerville and possibly to other points in that neighborhood.

The proposition contains the statement that the cost of production from a plant of such proportions as planned can be delivered much cheaper than it could be gotten from a transmission line. It further points out that the payroll of the City of Bryan would be reduced.

As to the further monetary asset to the City of Bryan the proposition points out that the annual payroll of such a plant would be around \$40,000 per year and local purchases from Bryan institutions approximate about \$20,000 a year, all of which would be lost to Bryan should the city decide not to accept the proposition and see the plant installed elsewhere.

The matter is now up to the City Commissioners and if they should act favorably on the matter the people of Bryan will be asked to make the final choice.

per cent purchased their land outright, while 5.7 per cent acquired it by inheritance. This survey included 18,544 acres. For the United States as a whole, 79 per cent of the farm acreage was acquired by purchase, 15.3 per cent by inheritance, 3.3 per cent by marriage, and 2.4 per cent in other ways, principally by homesteading. These percentages vary according to location and type of farming.

Original Homesteaders.

As might be expected in an old state like Massachusetts, a high percentage of the farms were acquired by inheritance. Among 710 transfers examined in that state 22.8 per cent represented inheritances. Western Nebraska still has many farm occupied by the original homesteaders. Approximately 19 per cent of the farmer owners in one section of Western Nebraska where these figures were gathered, stated that they were the original homesteaders.

Much By Inheritance.

On the 845 farms examined in Kentucky and Tennessee involving a total of 71,495 acres

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. I. Beason

Farm Home Improvement.

County Commissioner John M. Moore, of the Tabor community, has just completed a commodious barn, which, together with new poultry houses, garage, etc., add much to the already attractive farm home. Such improvements not only add much to the convenience and efficiency of the farm but also bespeak permanency for farming operations.

Last Call for Culling.

Poultry specialists tell us that we ought to cull our flocks during the months of September and October, remembering that the best layers will, usually, look ragged at this time of the year, while the poor layers will, perhaps, have already molted and be looking sleek and fine. Pale shanks and weak indicate, at this time of the year, good layers. Miss Mary Locke, of Tabor, says that the culling demonstration recently conducted at her farm home by Extension and College people was a success, the hens retained on the yard now laying 30 to 35 dozen eggs a week.

Medium-Sized Barred Rock.

Dr. B. Youngblood, director of the Experiment Station, and M. College of Texas, is not only a good judge of chicken, but he is also good authority on poultry, the success of his Barred Rock on Borderbrook Farm attesting this fact. Dr. Youngblood states that the medium-sized Barred Rock hen is most profitable as a layer, basing his conclusions on his experience as a poultry-raiser himself and from statistics taken from various sources.

No Source of Supply.

The reason why some cows do not give down milk is there is none above to "give down." Such cows are not even "coffee" cows.

Tribute to Club Work.

"The boys and girls' agricultural clubs have more than proved their worth. They have passed the stage of experiment and have demonstrated that they are an important factor in rural development."—The Poultry World. And yet, with other added testimony giving expression to the spirit and inspiration of club work, there are those who would not lend their hearty support to an organization having for its purpose the training of the head, heart, hand, and health of the boys and girls of this country.

Will Jones Meets Success.

Will M. Jones, whose ambition to become a poultryman was kindled at a poultry show in Bryan some years ago, states that this has been one summer when his hens have kept steady on the job, and he attributes the fact largely to an abundance of skimmed milk fed his chickens all through the summer. Mr. Jones thinks there is nothing better than the White Leghorn when it comes to egg production, and the fact that he has sold this summer more than 500 pullets at a dollar apiece is evidence that others have faith in the "frisky" little Leghorn.

Not Dealing But Taking.

"It isn't the blows that you deal, but the blows you take on the good old earth."

Joke On County Agent.

A drove of razor back hogs, said to have been shipped into Brazos county from somewhere in East Texas, were being driven to the great meat region when a mud hole furnished solid comfort to the tired and dusty roosters. Upon being asked what one of these peculiar-looking animals was doing as it rubbed against a telephone pole, an old darkey replied, "Boss, he am strapping hisself." It is said that there is a wonderful crop of acorns this year, and it seems unfortunate that we have to import a lot of razorbacks to consume the crop. Smetana, sing that razorback song again.

Work More—Play Less.

Hoar's Dairyman, speaking editorially, quotes T. H. Beason, receiver of the Denver & Rio Grande Western Railway, as saying: "I was fortunate in having spent my youth on the farm, and while my opportunities for schooling were limited, taken between crops, I learned one thing that I have never forgotten: I learned how to work hard and from early dawn to late at night, and I sometimes think that we would fare better if our youngsters of today worked more and played less."

Many Terracing Demands.

From the number of calls made on the county agent at Edge community fair, one would conclude that the farmers of that section of the county are thoroughly aroused as to the importance of terracing. E. J. Payne of Edge has some interesting stories about the skepticism heretofore expressed by some of his neighbors concerning the effectiveness of terracing, one of which was about a farmer who visited a field in which a demonstration was being conducted and after looking the work over went away and said, "That county agent is trying to make the water run up hill. I am from Missouri." Well, ask Robert Davidson, Ed Chylt, Tom Elliott, Charlie Payne, Jim Francis, Charlie Locke, Bud Wilson, W. E. Moore, R. L. Jones, Luther Holligan.

A Splendid Feeling.

That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Hecolene. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 50c. Sold by

SEVENTY-FIVE BOYS OF BRYAN MET LAST SUNDAY SCOUT WORK

The Boy Scout work in Bryan took on a new movement Sunday when about 75 boys gathered in five different meetings, under as many scoutmasters, and were given the preliminary foundation work of scouts and the meaning and principles of the program. Enrollment blanks were passed out to each boy who desired to become a scout with instructions to take them home and have them signed by parents or guardians and return same to the scoutmaster. The meetings Sunday were general organization meetings and from which new troops will be formed. The two old troops will retain the same personnel with but slight changes, said Jno. H. Hood, district scout executive, who reported the above gatherings.

The meetings were held as follows: One at the Knights of Columbus Hall with I. E. Warren in charge, at the West Side school, W. S. Barron in charge; at the Chamber of Commerce with C. R. Gardener in charge; at the scout home on College avenue, with Ollie Parks; and the last one at the Methodist young men's class room with M. M. Erskine as scoutmaster. Following the business meeting scout games were enjoyed until the groups broke up.

BENCHLEY BUDGE

(Special to Bryan Daily Eagle)
BENCHLEY, Oct. 15.—After three weeks' absence will come again and try to give a few dots from our little burg.

Miss Bill Peyton and baby and Miss Lila Moss visited Mrs. B. H. Henry one day last week.

Cliff Utsey of Kurten spent Sunday in our community.

Mrs. S. R. Rice and children who have recently moved to Tabor where the children entered high school, spent Sunday with homefolks. They were accompanied home by Herbert Henry.

Curtis, Everett and Odell Halton of Calvert spent Sunday at Benchley. Bill Peyton, H. P. and Claude Moss of Sutton were in our midst Sunday.

Ed Miller and family of Wheelock spent Sunday with Mrs. B. H. Henry. The death angel has again entered our little community and this time claimed Vernon, the youngest son of Mr. and Mrs. Walter Harris, of near Benchley. He was sick for several days, and it was found necessary to take him to the Bryan Hospital where he was operated on. But all was in vain, and death came a few hours later. He is survived by his father and mother and two brothers, Leonard and Cecil, and two sisters, Vergie and Willie Mae. He was laid lovingly and tenderly to rest in the Peyton cemetery here. We extend our heartfelt sympathy to the bereaved loved ones.

Mr. and Mrs. Frank James have recently moved to Hubbard City where they will make their future home.

Sorry to report Miss Barbara Peyton is still suffering from her broken arm.

Jesse Peyton and wife leave today for Bremont where they will make their future home. We hate to lose this estimable young family.

Ed Persell, Miss Angie Williams and Mesdames R. B. Henry and Horace Moss made a flying trip to Cameron and other places Sunday.

C. B. Franklin and family have moved to Benchley from Brownwood where they have been living recently.

Walter Harris was called here from Taylor Friday to attend the funeral of his little son, Vernon. The family will remove to Taylor in the near future.

Glenn Bowman and family of Bryan spent Sunday in Benchley.

Several from here attended the singing convention at Millican on Sunday.

Glenn Bowman and family of Bryan spent Sunday in Benchley.

EDGE EPIGRAMS

EDGE, Oct. 15.—About 75 of our B. Y. P. U. members attended the meeting at Cottonwood Sunday night. The program was splendid. An invitation was extended to Cottonwood to visit the Edge B. Y. P. U.

The many friends of Mr. and Mrs. Edward Ruffield regret to learn of the sudden illness of their son, Ira. He is now at Bryan Hospital to be operated on for appendicitis.

Our associational year ended Sunday. We had an all-day service. This ended Rev. J. J. Pipkin's second year at this place. Rev. Pipkin was unanimously called back to the Baptist church. We hope to accomplish more next year and to keep our pastor for many years to come.

The second annual fair held Wednesday, October 8, was well-attended. We feel very grateful to Messrs. C. L. Beason and S. E. Eberstadt for their assistance in helping to make the fair a success. In the afternoon there were basket ball games, Tabor and Edge boys, Wheelock and Edge boys, and Wheelock and Edge girls. At 6 o'clock p. m. the auditorium was crowded to hear the splendid talk, made by Judge W. C. Davis and the fine address by Dr. W. B. Bizzell, president of A. and M. College.

STEEP HOLLOW STORIES

(Special to Bryan Daily Eagle)
STEEP HOLLOW, Oct. 15.—M. and Mrs. Elbert Moore and family attended church at Edge Sunday.

Mr. and Mrs. R. L. Foster spent the week-end at Cross with Mr. and Mrs. Enoch Hopkins.

The Methodist meeting began Sunday night with a large attendance. We hope to have a successful meeting.

Miss Mattie Moore spent the week-end with Miss Jewell Mathis of Bryan.

B. G. Bond of Prospect spent Sunday with his son, Mr. and Mrs. Joe Bond.

BRYAN RANKS FIRST SAYS FIRE INSPECTOR HERE INSPECTING CITY

"I find Bryan in the very best condition of any town that I have inspected on my trip and I have inspected many," said C. S. Eichelberger, inspector from the State Fire Marshal's Department, Austin, who is in Bryan for two days and in company with J. Z. Ramsey, city fire inspector, is checking up the condition of the city for its fire rating. This statement is very gratifying and it is to be hoped that every citizen will co-operate with the city and state authorities in helping to keep our record a good one and eliminate the fire hazard, one of America's greatest crimes.

STATE WILL PURCHASE MUDVILLE BONDS IN ABOUT THREE MONTHS

County Superintendent D. J. McDonald returned on Tuesday afternoon from Austin where he went Monday to confer with State School Superintendent S. M. N. Marrs and the attorney general with regard to some Brazos county school bonds.

The bonds voted by the Mudville school have not been salable at the 5 per cent interest rate which they are to bear. Mr. McDonald wished to see how soon the State would be able to purchase them and advance the money which is badly needed by this district in the construction of their new building for the consolidated district. Mr. McDonald was told that the State could handle the matter in about three months and the county superintendent feels that the financial difficulties can be straightened out locally in the meantime until the State purchase is completed. The Mudville school is now rapidly nearing completion. The roof is on, the siding in place, the floors laid, and partitions are now being put in.

Mr. McDonald also conferred with regard to the Smetana bonds which were issued about four years ago to cover a 20-year period and which are not payable until the end of the 20 years. He wished to see if they could not reduce interest payments by paying off a portion of the principal, but found after talking with the attorney general, that nothing at all could be done in the matter.

TO WORK CEMETERY
All persons interested in the Bright Light Cemetery are requested to meet there Saturday morning, October 18th, and bring lunches, prepared to work all day.

COMMITTEE.

THIS NEW TREATMENT
NEVER FAILS TO END
PILES

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless; and that there was nothing in the world to help them.

To these people we say, "Go to your drugist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness, and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have resisted all known treatments, marvelous results have been obtained.

JAMES DRUG CO. dispenses MOAVA SUPPOSITORIES in the original box or can get it for you on short notice. Mail orders accepted.—Adv. today.

RESULT OF EXHIBIT CONTESTS AT STEELE'S STORE COMMUNITY FAIR

A mammoth crowd of people were present on last Friday at the Steele's Store community fair, both from that community and from other communities of Brazos county, and a few people from without the county. Dinner was served free at noon on a table 150 feet long that had been placed under the automobile sheds. A big cake donated by the Griesser Bakery which was nicely frosted and beautifully embossed, was sold at auction by Secretary S. E. Eberstadt for \$50.75.

The following is the list of the winners in the exhibit contests: Best Poland China bowl, C. M. Degelia. Best pen single comb White Leghorns, C. M. Degelia. Best stalk of cotton: 1st, Joe Degelia; 2nd, Miss Pattie Varisco; 3rd, N. L. Salvato. Best exhibit pomegranates: 1st, Catoria; 2nd, D. Angona. Best pears, 1st, D. Angona; 2nd, Joe Trenticost. Best ten ears white corn, Johnnie Perrone. Best yellow corn, Joe Trenticost. Best Irish potatoes, Tony Scarpinato. Best sweet potatoes, Jim Bolmanski. Best ribbon cane, Frank Degelia. Best pen of two hens, White Leghorns, Mrs. Frank Cungelo. N. L. Salvato won the prize of \$1 for the best re-filled stalk of cotton.

Canning Department.

Tatting: 1st, Mrs. R. B. Hearne. Embroidered gown: 1st, Miss Vita Scarpinato; 2nd, Mrs. Ross Bonano. Crocheted gown: 1st, Mrs. Sam Cotropia. Best dress, Miss Rosie Cuzalo. Miss Cuzalo won an additional prize of \$1 given by Geo. A. Adams of Bryan for this exhibit. Floor pillow: 1st, Miss Carrie Scarpinato; 2nd, Mrs. Ross Bonano. Bath towel: 1st, Mrs. Ross Bonano; 2nd, Mrs. R. B. Hearne. Tea towels: 1st, Mrs. R. B. Hearne won both first and second. Crocheted bed-spread: 1st, Mrs. J. J. Depuma; 2nd, Mrs. Sam Cotropia. Embroidered pillow cases: 1st, Miss Carrie S. Scarpinato; 2nd, Mrs. Sam Cotropia. Crocheted pillow cases: 1st, Miss Sarah Salnagio; 2nd, Mrs. Ross Bonano. Dresser scarf: 1st, Mrs. T. C. Cangelose; 2nd, Miss Carrie Scarpinato. Table runner: 1st, Mrs. J. J. Depuma. Embroidered dresser scarf: 1st, Mrs. J. J. Depuma. Crocheted dresser scarf: 1st, Mrs. Sam Cotropia; 2nd, Mrs. Bessie Degelia. Baby dress: 1st, Mrs. R. B. Hearne; 2nd, Mrs. Peter Nigiazlo. House dress: 1st, Miss Lena Catalina; 2nd, Mrs. R. B. Hearne. Child's silk dress: 1st, Mrs. Ross Bonano. Child's suit: 1st, Mrs. Peter Nigiazlo. Silk dress: 1st, Mrs. Ross Bonano. Wool dress: 1st, Mrs. L. Scamarda. Child's gingham dress: 1st, Mrs. R. B. Hearne; 2nd, Mrs. R. B. Hearne. Nine-year-old girl's dress: 1st, Mrs. Perrone; 2nd, Mrs. Perrone. Quilt: 1st, Miss Bessie Degelia. Fern: 1st, Mrs. Ross Bonano. Moss: 2nd, Mrs. Angonia.

MARRIAGE LICENSES FOR BRAZOS COUNTY

The following is a list of the marriage licenses issued since the last previous publication of last week, according to the official records of County Clerk A. S. McSwain: Daniel Brown and Henrietta Vincent; Ramon Aguirre and Julia Garcia; Antonio Campagna and Josefine Fleorotta; George Edmon and Dreeser Taylor; Brazos A. Varisco and Lucille Scardino; Charlie Williams and Pamela Davis; Roosevelt Couter and Mary Williams; Fred Allday and Ann Kelly; R. B. Martin and Nadine Balley; Elijah Sellers and Hattie Mae Anderson; W. C. Bailey and So'h'a Moehmann; George Searmardo and Carrie Scarpinato; Tom Crawford and Mary Jane Jefferson; Robert Tucker and Ellen Jones; Robert Kizee and Daisy Dixon; Leonard Thomas and Seawillow Crooke; George Williams and Mary Smith; Amos Evans and Daisy Hunter; Samuel Smith and Lillian Morrison.

Mesdames D. Andrews, W. L. Andrews, Mr. and Mrs. Henry Powell, Mr. and Mrs. Sam Smith and Miss Winnie Bell Andrews, all of North Zulch, formed an auto party in town.

SICKLY, FEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 25c. Sold by

BRAZOS FREE BAPTIST ASSOCIATION MET AT KURTEN OCTOBER 9-12

The Brazos County Association met with the Kurten Free Baptist church of that place, October 9-12, 1924. An especially helpful and inspiring program had been prepared by the committee, which program was followed, proving very inspiring and uplifting to those in attendance.

The subjects discussed and sermon delivered were generally of an evangelistic nature, affording opportunity for special thought and emphasis of this phase of religious activity. These were special days of helpfulness to those taking part or visiting these meetings. The reports from the various churches included in this association were indeed encouraging as almost every church had had additions to their membership and showed a decided forward movement in denominational interest. The program rendered by the Woman's Missionary Society Friday evening deserves special mention as also does the Young Peoples' Union of Saturday afternoon and evening.

The Kurten Free Baptist church is composed of some of the most active and aggressive Christian characters of the county. They know exactly how to entertain a meeting of this kind, causing us to have the "happy-back" spirit.

There were 90 out of the neighborhood delegates and visitors attending this convention. The meeting closed Sunday. One member was added to the local church. Still another was baptized Sunday afternoon.

DISABLED VETERANS SHOULD FILE CLAIM BEFORE JANUARY 1

Warning to World War veterans suffering from tuberculosis or a neuro-psychiatric disability, to file claim for compensation, and if necessary, hospital care, before January 1, 1925, is given by the American Red Cross, through its local representative in Brazos county, Mrs. Albert Buchanan.

The World War veterans' act, which went into effect June 7, provides that if an ex-service man develops the above named diseases before January 1, 1925, it is presumed to be of service origin. After January 1st of next year it will be more difficult to establish claims, and much more proof of the service connection will be required. Recent advice to Red Cross workers from the National headquarters urges that this warning be given to ex-service men, in order that they may not lose the opportunity of the short time remaining in which to file their claims for compensation.

Mr. and Mrs. Jack Adams, Mr. and Mrs. J. Q. Adams, Miss Alice Adams of North Zulch were here today on business.

REVENTS INFECTION
The greatest discovery in flesh healing is the marvelous Borzone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Red wounds or cuts which take weeks to heal with the ordinary treatment, are healed under the powerful influence of the wonderful remedy. Price (liquid) 75c, (powder) 50c. Sold by

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. L. Beason

Farm Home Improvement.

County Commissioner John M. Moore, of the Tabor community, has just completed a commodious barn, which, together with new poultry houses, garage, etc., add much to his already attractive farm home. Such improvements not only add much to the convenience and efficiency of the farm but also bespeak permanency for farming operations.

Last Call for Culling.

Poultry specialists tell us that we ought to cull our flocks during the months of September and October, remembering that the best layers will, usually, look ragged at this time of the year, while the poor layers will, perhaps, have already molted and be looking sleek and fine. Pale shanks and weak indicate, at this time of the year, good layers. Miss Mary Locke, of Tabor, says that the culling demonstration recently conducted at her farm home by Extension and College people was a success, the hens retained on the yard now laying 30 to 35 dozen eggs a week.

Medium-Sized Barred Rock.

Dr. B. Youngblood, director of the Experiment Station, A. and M. College of Texas, is not only a good judge of chevon, but he is also good authority on poultry, the success of his Barred Rock on Borderbrook Farm attesting this fact. Dr. Youngblood states that the medium-sized Barred Rock hen is most profitable as a layer, basing his conclusions on his experience as a poultry-raiser himself and from statistics taken from various sources.

No Source of Supply.

The reason why some cows do not give down milk is there is none above to "give down." Such cows are not even "coffee" cows.

Tribute to Club Work.

"The boys' and girls' agricultural clubs have more than proved their worth. They have passed the stage of experiment and have demonstrated that they are an important factor in rural development."—The Poultry World. And yet, with other added testimony giving expression to the spirit and inspiration of club work, there are those who would not lend their hearty support to an organization having for its purpose the training of the head, heart, hand, and health of the boys and girls of this country.

Will Jones Means Success.

Will M. Jones, whose ambition to become a poultryman was kindled at a poultry show in Bryan some years ago, states that this has been one summer when his hens have kept steady on the job, and he attributes the fact largely to an abundance of skimmed milk fed his chickens all through the summer. Mr. Jones thinks there is nothing better than the White Leghorn when it comes to egg production, and the fact that he has sold this summer more than 500 pullets at a dollar apiece is evidence that others have faith in the "frisky" little Leghorn.

Not Dealing, But Taking.

"It isn't the blows that you deal, but the blows you take on the good old earth."

Joke On County Agent.

A drove of razor back hogs, said to have been shipped into Brazos county from somewhere in East Texas, were being driven to the great mast region when a mud hole furnished solid comfort to the tired and dusty rosters. Upon being asked what one of these peculiar-looking animals was doing as it rubbed against a telephone pole, an old dakey replied, "Boss, he am strapping hisself." It is said that there is a wonderful crop of acorns this year, and it seems unfortunate that we have to import a lot of razorbacks to consume the crop. Smetana, sing that razorback song again.

Work More—Play Less.

Hoard's Dairyman, speaking editorially, quotes T. H. Beacom, receiver of the Denver & Rio Grande Western Railway, as saying: "I was fortunate in having spent my youth on the farm, and while my opportunities for schooling were limited, taken between crops, I learned one thing that I have never forgotten: I learned how to work hard and from early dawn to late at night, and I sometimes think that we would fare better if our youngsters of today worked more and played less."

Many Terracing Demands.

From the number of calls made on the county agent at Edge community fair, one would conclude that the farmers of that section of the county are thoroughly aroused as to the importance of terracing. E. J. Payne of Edge has some interesting stories about the skepticism heretofore expressed by some of his neighbors concerning the effectiveness of terracing, one of which was about a farmer who visited a field in which a demonstration was being conducted and after looking the work over went away and said, "That county agent is trying to make the water run up hill. I am from Missouri." Well, ask Robert Davidson, Ed Chyrl, Tom Elliott, Charlie Payne, Jim Francis, Charlie Locke, Bud Wilson, W. E. Moore, R. L. Jones, Luther Holligan,

A SPLENDID FEELING

That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Hербine. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirit. Price 25c. Sold by

SEVENTY-FIVE BOYS OF BRYAN MET LAST SUNDAY SCOUT WORK

The Boy Scout work in Bryan took on a new movement Sunday when about 75 boys gathered in five different meetings, under as many scoutmasters and were given the preliminary foundation work of scouts and the meaning and principles of the program. Enrollment blanks were passed out to each boy who desired to become a scout with instructions to take them home and have them signed by parents or guardians and return same to the scoutmaster. The meetings Sunday were general organization meetings and from which new troops will be formed. The two old troops will retain the same personnel with but slight changes, said Jno. H. Hood, district scout executive, who reported the above gatherings.

The meetings were held as follows: One at the Knights of Columbus Hall with I. E. Warren in charge, at the West Side school, W. S. Bar on in charge; at the Chamber of Commerce with C. R. Gardner in charge; at the scout home on College avenue, with Ollie Parks; and the last one at the Methodist young men's class room with M. M. Erskine as scoutmaster. Following the business meeting scout games were enjoyed until the groups broke up.

BENCHLEY BUDGE

(Special to Bryan Daily Eagle)
BENCHLEY, Oct. 15.—After three weeks' absence will come again and try to give a few dots from our little burg.

Mrs. Bill Peyton and baby and Miss Lila Moss visited Mrs. B. H. Henry one day last week.

Chiff Utsey of Kurten spent Sunday in our community.

Mrs. S. R. Rice and children who have recently moved to Tabor where the children entered high school, spent Sunday with homefolks. They were accompanied home by Herbert Henry.

Curtis, Everett and Odell Halm of Calvert spent Sunday at Benchley. Bill Peyton, H. P. and Claude Moss of Sutton were in our midst Sunday.

Ed Miller and family of Wheelock spent Sunday with Mrs. B. H. Henry.

The death angel has again entered our little community and this time claimed Vernon, the youngest son of Mr. and Mrs. Walter Harris, of near Benchley. He was sick for several days, and it was found necessary to take him to the Bryan Hospital where he was operated on. But all was in vain, and death came a few hours later. He is survived by his father and mother and two brothers, Leonard and Cecil, and two sisters, Vergie and Willie Mae. He was laid lovingly and tenderly to rest in the Peyton cemetery here. We extend our heartfelt sympathy to the bereaved loved ones.

Mr. and Mrs. Frank James have recently moved to Hubbard City where they will make their future home.

Sorry to report Miss Barbara Peyton is still suffering from her broken arm.

Jesse Peyton and wife leave today for Bremond where they will make their future home. We hate to lose this estimable young family.

Ed Persell, Miss Angie Williams and Mesdames R. B. Henry and Horace Moss made a flying trip to Cameron and other places Sunday.

C. B. Franklin and family have moved to Benchley from Brownwood where they have been living recently.

Walter Harris was called here from Taylor Friday to attend the funeral of his little son, Vernon. The family will remove to Taylor in the near future.

Glenn Bowman and family of Bryan spent Sunday in Benchley.

Several from here attended the singing convention at Millican on Sunday.

STORY OF FRIENDSHIP DAMON AND PYTHIAS PORTRAYED AT PALACE

The noble friendship of two men, Damon and Pythias, away back there in the almost-dark ages, 400 years before the birth of Christ and his better influence for good had been cast upon the world, that wonderful friendship which is the foundation of the order known as the Knights of Pythias, was splendidly portrayed last night at the Palace Theatre, when the Dramatic Club of the Lamar Lodge No. 1, at Houston, assisted by local talent of Bryan, staged "The Lesson of Friendship."

Prior to the rising of the curtain, M. E. Wallace introduced E. L. Baker of Houston, chairman of the committee promoting the ceremonial which will be given in Bryan on Armistice Day, November 11th. After a brief talk along this line and telling of what the day's celebration would be like, Mr. Baker introduced John T. Bonner, past grand chancellor of the order, who gave a resume of the play which would follow.

The play itself was well-portrayed and well-acted, especially the leading characters. Local talent taking part in the drama were: Guards, C. S. Beckwith, Clyde Gregg, T. B. Robinson, and Ernest Elliott; senators, Robert Phillips, Marvin Carroll, Marvin Birdwell, R. C. Franks, Oak McKenzie, Robert Kellner, Geo. Hadley and I. Maniloff; and the "long-haired girl," Miss Nellen Robertson, with stage directors and assistants, J. R. Pain, Ben Ruchti, Henry Buchanan, Guy Boyett and C. E. Griesser.

Entertainment was provided between the acts by the Hensaring quartette, consisting of R. R. Rush, T. J. Halbrooks, Louis Thompson and Jesse Hensaring, their rendering two numbers that brought much applause; Mrs. George Long sang "Mammy's Lullaby" and Miss Marjorie Short gave a piano solo "An Old Sweetheart of Mine."

For quick results try Eagle brand.

EDGE EPIGRAMS

EDGE, Oct. 15.—About 75 of our B. Y. P. U. members attended the meeting at Cottonwood Sunday night. The program was splendid. An invitation was extended to Cottonwood to visit the Edge B. Y. P. U.

The many friends of Mr. and Mrs. Edward Ruffield regret to learn of the sudden illness of their son, Ira. He is now at Bryan Hospital to be operated on for appendicitis.

Our association year ended Sunday. We had an all-day service. This ended Rev. J. J. Pipkin's second year at this place. Rev. Pipkin was unanimously called back to the Baptist church. We hope to accomplish more next year and to keep our pastor for many years to come.

The second annual fair held Wednesday, October 8, was well-attended. We feel very grateful to Messrs. C. L. Beason and S. E. Eberstadt and to Miss Laura Belle Roten for their assistance in helping to make the fair a success. In the afternoon there were basket ball games, Tabor and Edge boys, Wheelock and Edge boys, and Wheelock and Edge girls. At 6 o'clock p. m. the auditorium was crowded to hear the splendid talk made by Judge W. C. Davis and the fine address by Dr. W. B. Rizzell, president of A. and M. College.

STEEP HOLLOW STORIES

(Special to Bryan Daily Eagle)
STEEP HOLLOW, Oct. 15.—Mr. and Mrs. Elbert Moore and family attended church at Edge Sunday.

Mr. and Mrs. R. L. Foster spent the week-end at Cross with Mr. and Mrs. Enoch Hopkins.

The Methodist meeting began Sunday night with a large attendance. We hope to have a successful meeting.

Miss Mattie Moore spent the week-end with Miss Jewell Mathis of Bryan.

B. G. Bond of Prospect spent Sunday with his son, Mr. and Mrs. Joe Bond.

BRYAN PANKS FIRST SAYS FIRE INSPECTOR HERE INSPECTING CITY

"I find Bryan in the very best condition of any town that I have inspected on my trip and I have inspected many," said C. S. Eichelberger, inspector from the State Fire Marshal's Department, Austin, who is in Bryan for two days and in company with J. Z. Ramsey, city fire inspector, is checking up the condition of the city for its fire rating. This statement is very gratifying and it is to be hoped that every citizen will co-operate with the city and state authorities in helping to keep our record a good one and eliminate the fire hazard, one of America's greatest crimes.

STATE WILL PURCHASE MUDVILLE BONDS IN ABOUT THREE MONTHS

County Superintendent D. J. McDonald returned on Tuesday afternoon from Austin where he went Monday to confer with State School Superintendent S. M. N. Marrs and the attorney general with regard to some Brazos county school bonds. The bonds voted by the Mudville school have not been salable at the 5 per cent interest rate which they are to bear. Mr. McDonald wished to see how soon the State would be able to purchase them and advance the money which is badly needed by this district in the construction of their new building for the consolidated district. Mr. McDonald was told that the State could handle the matter in about three months and the county superintendent feels that the financial difficulties can be straightened out locally in the meantime until the State purchase is completed. The Mudville school is now rapidly nearing completion. The roof is on, the siding in place, the floors laid, and partitions are now being put in.

Mr. McDonald also conferred with regard to the Smetana bonds which were issued about four years ago to cover a 20-year period and which are not payable until the end of the 20 years. He wished to see if they could not reduce interest payments by paying off a portion of the principal, but found after talking with the attorney general, that nothing at all could be done in the matter.

TO WORK CEMETERY

All persons interested in the Bright Light Cemetery are requested to meet there Saturday morning, October 18th, and bring lunches, prepared to work all day.

COMMITTEE.

THIS NEW TREATMENT NEVER FAILS TO END PILES

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless and that there was nothing in the world to help them.

To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have tediously resisted all known treatments, marvelous results have been obtained.

JAMES DRUG CO. dispenses MOAVA SUPPOSITORIES in the original box or can get it for you on short notice. Mail orders accepted.—Adv.

RESULT OF EXHIBIT CONTESTS AT STEELE'S STORE COMMUNITY FAIR

A mammoth crowd of people were present on last Friday at the Steele's Store community fair, both from that community and from other communities of Brazos county, and a few people from without the county. Dinner was served free at noon on a table 150 feet long that had been placed under the automobile sheds. A big cake donated by the Griesser Bakery which was nicely frosted and beautifully embossed, was sold at auction by Secretary S. E. Eberstadt for \$50.75.

The following is the list of the winners in the exhibit contests: Best Poland China bowl, C. M. Degelia. Best pen single comb White Leghorns, C. M. Degelia. Best stalk of cotton, 1st, Mrs. Degelia; 2nd, Miss Pattie Varisco; 3rd, N. L. Salvato. Best exhibit pomegranates: 1st, Castro Catroja; 2nd, D. Angona. Best pears, 1st, D. Angona; 2nd, Joe Trentico. Best ten ears white corn, Johnnie Perrone. Best yellow corn, Joe Trentico. Best Irish potatoes, Tony Scarpinato. Best sweet potatoes, Jim Bolmanski. Best ribbon cane, Frank Degelia. Best pen of two hens, White Leghorns, Mrs. Frank Cungelo. N. L. Salvato won the prize of \$1 for the best re-filled stalk of cotton.

MARRIAGE LICENSES FOR BRAZOS COUNTY

The following is a list of the marriage licenses issued since the last previous publication of last week, according to the official records of County Clerk A. S. McSwain: Daniel Brown and Henrietta Vincent; Ramon Aguirre and Julia Garcia; Antonio Campagna and Josephine Picarotta; George Eddion and Drexler Taylor; Brazos A. Varisco and Lucille Scardino; Charlie Williams and Panchella Davis; Roosevelt Cooter and Mary Williams; Fred Allday and Ann Reilly; R. B. Martin and Nadine Bailey; Elijah Sellers and Hattie Mae Anderson; W. C. Bailey and So-ha Moehman; George Scarpinato and Carrie Scarpinato; Tom Crawford and Mary Jane Jefferson; Robert Tucker and Ellen Jones; Robert Kizee and Daisy Dixon; Leonard Thomas and Seawill Crooke; George Williams and Mary Smith; Amos Evans and Daisy Hunter; Samuel Smith and Lillian Morrison.

Mesdames D. Andrews, W. L. Andrews, Mr. and Mrs. Henry Powell, Mr. and Mrs. Sam Smith and Miss Winnie Bell Andrews, all of North Zulch, formed an auto party in town today.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in food, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

BRAZOS FREE BAPTIST ASSOCIATION MET AT KURTEN OCTOBER 9-12

The Brazos County Association met with the Kurten Free Baptist church of that place, October 9-12, 1924. An especially helpful and inspiring program had been prepared by the committee, which program was followed, proving very inspiring and uplifting to those in attendance.

The subjects discussed and sermon delivered were generally of an evangelistic nature, affording opportunity for special thought and emphasis of this phase of religious activity. These were special days of helpfulness to those taking part or visiting these meetings. The reports from the various churches included in this association were indeed encouraging as almost every church had had additions to their membership and showed a decided forward movement in denominational interest. The program rendered by the Woman's Missionary Society Friday evening deserves special mention as also does the Young People's Union of Saturday afternoon and evening.

The Kurten Free Baptist church is composed of some of the most active and aggressive Christian characters of the county. They know exactly how to entertain a meeting of this kind, causing us to have the "happy-back" spirit.

There were 90 out of the neighborhood delegates and visitors attending this convention. The meeting closed Sunday. One member was added to the local church. Still another was baptised Sunday afternoon.

DISABLED VETERANS SHOULD FILE CLAIM BEFORE JANUARY 1

Warning to World War veterans suffering from tuberculosis or a neuro-psychiatric disability, to file claim for compensation, and if necessary, hospital care, before January 1, 1925, is given by the American Red Cross, through its local representative in Brazos county, Mrs. Albert Buchanan.

The World War veterans' act, which went into effect June 7, provides that if an ex-service man develops the above named diseases before January 1, 1925, it is presumed to be of service origin. After January 1st of next year it will be more difficult to establish claims, and much more proof of the service connection will be required. Recent advice to Red Cross workers from the National headquarters urges that this warning be given to ex-service men, in order that they may not lose the opportunity of the short time remaining in which to file their claims for compensation.

Mr. and Mrs. Jack Adams, Mr. and Mrs. J. Q. Adams, Miss Alice Adams of North Zulch were here today on business.
